Dear Dan

An Insh village neighbour, Willie Anderson, with whom you have had the comms below has brought this boundary debate to my attention. I write to give my full support to Mr Anderson in this matter as a permanent resident of the village familiar with the ground to which he refers.

Should you require any further comment, I am happy to provide it.

regards  
Cara

Dear Dan,  
Thanks for the quick reply. I attached a map with the area of concern indicated in red.

Regards

Willie Anderson

Dear Mr Willand

Thank you for your email. Suggestions for land to be included within the LDP need to be accompanied by a map. Can you please mark the land you are referring to on the attached map?

Many thanks

Dan Harris

**Subject:** Insh settlement boundary

Good day,  
I have had a look at the proposed settlement boundary for Insh from the national park authority. I would like to propose a boundary change to include land which we own to the north and west west of Insh which is within the Insh village boundary. We have a small pocket of land which adjoins our property at the moment to the west of the Schoolhouse. Whilst we have no intentions of developing this land at present, it may be as we get older and less able this site could be of use for a small, energy efficient house on one level which would allow us to remain in our village. Really we would like to 'futureproof' this area should we be forced to leave our present house due to age or infirmity. I would be happy to meet to discuss this further if required.

The rest of the plan for Insh seems very reasonable in our opinion.

Regards

Willie Anderson
