Page 44: Final Thoughts

**Q208** If you have any other general comments on the topics you think the Local Development Plan 2020 should address, please let us know here:

When the new houses in Carrbridge are being put up. Someone needs to consider the speed that vehicles come through the village. There is a house who's wall sticks out and takes up most of the pavement. I know a few people who have already fallen at this part of the path.

With the new houses going in im presuming that it will mean more families in the village and the safety of the children, elderly etc i hope will be considered in depth.

I would suggest that they put in a contraflow system similar to what they have at the new houses to the north of Aviemore, with priority moving in particularly at the above mentioned property. It could also be implemented coming in from Inverness and Dulnain Bridge directions.

People come through the village at 40+ majority of the time. The only people i see sticking to the speed limits are people who live here.
