Q141 Do you agree with the proposed settlement boundary? **Respondent skipped this question**

Q142 Explain your answers here:

1. I agree with the issues to connect Boat of Garten (BoG) using cycle paths with Grantown upon Spey. The obvious place for these cyclepaths would follow the line of the Railway. Which would also allow good connection to Dulnain Bridge too.
 2. The hardest part about the plan is the method of it's construction. This is a top down process rather than bottom up means that local factors are slightly negated. Property in Aviemore and Boat of Garten doesn't stay on the housing market long as the demand is massive. I strongly believe that population growth in BoG is constrained by the property provision and cost of property rather than desire to relocate.
 3. Occupancy levels and style of occupancy statistics would provide valuable evidence based approach to planning rather than stories and rumours. Second homes, hotel and holiday let occupation levels would be insightful. Eg a second house which is occupied two weekends per year might be less beneficial to the community (post office, shops and restaurants) than a holiday let occupied 90% of the year. (also cleaners, handymen, builders etc will be direct beneficiaries)
