

Comments to be included  
from Kincaig Community Council facebook.

Laura Hansler Ross

The population of Kincaig is changing and will continue to do so, however after loosing the shop and now no direct access to the A9. The absolute travesty that the A9 compound be returned to a field is disgusting. It is a fully serviced plot ripe for development.

We have a unattractively priced and under used community centre that many travel further afield for activities.
