# Business Update 2011/2012

## Cairngorms Business Partnership

Your Local Chamber of Commerce Working for You

### Introduction

Welcome to the Cairngorms Business Partnership Business Update. It's been a busy year since the CBP was formally constituted in April 2011. The CBP is an affiliated Chamber of Commerce and seeks to support economic development in and around the Cairngorms National Park. Our Business Update 2011-2012 outlines the activities we have undertaken on behalf of member businesses. Our work splits into three key areas: **Development, Promotion and Advocacy**.

### Development

**Business Workshops.** The CBP continued with the highly successful business workshops running three in the year covering: Social Media, Connecting with the Customer and Digital Business. 144 delegates attended the one day sessions.

**Member Offers.** The CBP introduced a member to member offers scheme where members can post online deals and offers to fellow members. We hope this will generate more local business and help businesses better understand what is on offer right here on our doorstep in the coming year. The CBP will launch third party discount schemes that will save members cash on purchases of a wide range of goods and services.

**Customer Feedback.** The surveys did not go entirely to plan due to technical hitches. 750 surveys were collected within the area. The coming year will direct effort towards online and App based feedback mechanisms.

**Business Barometer.** We published four quarterly Business Barometer reports. The survey provides the area's only snap-shot on business trends and provides a great deal of valuable information for business planning purposes. During the year the survey gathered 4619 responses and launched a second survey covering the Royal Deeside CMO area.

**Sector Development.** Working with our sector groups we held several group meetings over the year.

- The Cairngorms Equestrian group came into being and together we launched the new Cairngorms on Horseback leaflet.
- In Spring the Hostels group finalized a brand new leaflet promoting Hosting in the Cairngorms.
- We are also forming an attractions group and a business tourism group.
- The Activity Providers Group and Golf Group met during the year with each group laying plans to develop promotional material and activities.

### Promotion

**Website.** The VisitCairngorms.com website has gone from strength to strength with traffic up by a massive 26% on 2011. The all important click through to members' websites averages 12355 per month up by 19%. We carried out 1 Google pay per click campaigns targeting the October 2011 and the Easter holidays, both campaigns increased by 65% over the same period the year before. The site also went through a redesign and refresh in early Spring 2012.

**App.** Our groundbreaking mobile App went live in January with the launch of a web enabled version for all operating systems. With this change our website is now available on all mobile devices the year on year increase in mobile device usage rose fourfold and now accounts for 20% of our website traffic.

Together with CNPA we are working to help develop an innovative and exciting first community to invest in a business. Members have access to localised information related to the business and events in the area.

Over 7,000 people following our App and 2,000+ following our website. We hope people engaged and

launched the Make it Yours 2011 and it will run into 2012. We will provide our summer database, contact lists to the Park.

Make it Yours 2011

**Advertising.** The CBP took adverts in a number of publications including the Sunday National, VisitScotland guides, specialist magazines and websites. In addition we ran successful Google pay per click campaigns and trialled advertising on Facebook.

**Publications.** What's On continues to be the area's leading monthly events and local information magazine and in 2011 we expanded the magazine to cover the whole of the CNP. Parki had a major facelift to the new brand format and is now an annual publication. The new book 'Make it Yours' remains the favourite pocket guide in the CNP.

**Make it Yours.** 2011 saw the full roll out of the Make it Yours strap line to support brand development and promotional activities. The strap line now appears on all CBP marketing and has been adopted by the CNPA on customer facing communications. Supported by VisitScotland and the CNPA we have commenced a three year journey to promote the Cairngorms National Park as a world class destination. The CBP team will be in partnership with areas and sector groups, look to develop targeted marketing campaigns to key target segments.

**Events.** The CBP launched an online and App based events calendar offering customers unrivalled access to local event information. With support from LEADER, our Events and Festivals Liaison Officer has been developing a range of services and benefits for event organisers.

### Advocacy

**National Park Plan 2.** Perhaps the biggest piece of work this year outside our CNPA as a business response to the consultation submitted the National Park Plan 2. Drawing on 218 business contacts the consultation around the National Park Plan 2. Development and Diversification Strategy for a more defined Economic Development Forum. Several other measures to support businesses operating in the CNP were submitted within the Business Manifesto.

**Business Lunches.** Networking lunches returned in 2011 with a series of well attended events attracting 119 local business people.

**Business Conference.** Our 2011 conference at Macdonald Avonmore Resort was a success. John Swinney MSP gave the keynote address and Malcolm Ross, CEO of Cairngorms National Park and Liz Cameron, CEO of Scottish Chambers of Commerce also had an opportunity to give the opening address.

## Cairngorms Business Partnership

Your Local Chamber of Commerce Working for You

### CBP - One year on

**New CBP Board.** A new board took the helm of the CBP in September 2011. The board is made up from members representing each sector and the five main geographic areas of the CNP. The board meets every quarter and is charged with the ongoing governance and direction of the CBP. The board relies on the voluntary support of the Directors who have given a great deal of time to the organisation. The board is undertaking a Visioning process that seeks to set out the agenda for the future development of the CBP.

**Staff.** We had two new arrivals in the year! Carole Butler our Events and Festivals Co-ordinator and Rachael Gingles, Marketing Manager both give birth to little boys whilst on maternity leave. Sarah Caird continues to manage the website, What's On and Manager both give birth to little boys whilst on maternity leave. Joqui Bell manages our office administration having taken all our many aspects of our member and customer facing activities. Joqui Bell manages our office administration having taken all our many aspects of our member and customer facing activities. Joqui Bell manages our office administration having taken all our many aspects of our member and customer facing activities. Joqui Bell manages our office administration having taken all our many aspects of our member and customer facing activities.

**CBP Procurement.** Over the year the CBP purchased £74,000 worth of goods and services from member businesses. Supplies included print, catering, accommodation, meeting rooms and professional services. The CBP will continue to source locally whenever possible. Going forward, each monthly newsletter to members will note CBP purchase plans thus offering members an opportunity to quote.

**Stakeholders.** The CBP continues to work closely with and greatly appreciates the support from our public sector partners. Regular meetings and partnership development has been taken forward with Cairngorms National Park Authority, Highlands and Islands Enterprise, Scottish Enterprise and VisitScotland, along with Highland, Perthshire, Moray, Aberdeenshire and Angus. The CBP also meet regularly with SH-I, RSPB and Forestry Commission Scotland and have also secured support from Business Gateway and LEADER.

**Community Hall**

The Community Hall, which opened in 2007, serves Boat of Garten and surrounding area as well as attracting visitors and guests from further afield. Designed to be environmentally friendly and flexible it offers a home to a wide range of community groups and other activities and is fully accessible for our disabled visitors.

Situated centrally in Badenoch & Strathspey within the Cairngorms National Park it is ideal for:

- Parties & Wedding Receptions
- Conferences & Meetings
- Dances & Discos
- Drama & the Performing Arts
- Training Courses
- Live Music Concerts & Cellists
- Sporting Events
- Community & School events
- Car Boot Sales
- Fundraising Events

The Hall is in a quiet location next to woodland, yet is easily accessible from the A9 and A95. The nearest railway station is in Aviemore, only six miles away.
