6th November 2012

Dear Sirs

Application No: 12/04131FUL

With reference to the above application we wish to object to this application for the following reasons.

- 1) Increase in traffic to and from the site during construction and after the work is completed.
- 2) If this club is to have a drink licence that will mean we will have two licensed premises approximately within half a mile from our home this could lead to increased noise and late night traffic and as we are both retired residents and bought our home for where it is situated we feel this will be an infringement on our privacy.
- 3) At present when there are golf competitions on we sometimes have problems with cars parking near our driveway and we feel this could lead to more inconsiderate parking.

Yours faithfully

Mary McKee (Mrs)  
Iain Glen McKee (Mr)
