

PAPER 6

APPENDIX I

REPRESENTATIONS

Comments for Planning Application 2013/0271/DET

Application Summary

Application Number: 2013/0271/DET

Address: Land 170M South Of Coylumbridge Staff Houses Coylumbridge Aviemore

Proposal: Use of part of existing gravel pit to provide a temporary compound area for the storage of materials (cable drums, poles, sand and gravel), welfare facilities, stores and offices in 8 portable units. Laydown, storage and parking areas would be on existing hard standing.

Compound required in connection with Beauly to Denny Powerline

Case Officer: Jack McGowan

Customer Details

Name: Mrs Winifred Birnie

Address: 10 Dellmhor Inverdrue Aviemore

Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Concern of overall traffic volume and heavy loads entering and exiting the site.

Concern of the danger to the public as these loads cross the cycle path

Concern on the spilling over of part of the loads on to the ski road as has happened in the past making it dangerous for the traffic

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I have already made some comments and would like to add the following:

As this site is close to housing, will there be put in place operating times.

Will there be a provision of cleaning of the road as in the past there has been spillage when the lorries turn the corner into and exiting from the site.

Is there possibly an alternative access?
