Dear Ms Greenlees

Re: Application 2023/0199/DET

The members of Nethy Bridge & Vicinity Community Council maintain their opposition to the proposed pods/campsite development on environmental impact issues. This area is home to several important species and several environmental designations. Furthermore, we believe the road is unsuitable for the increase in traffic that this development would cause. We would therefore ask the committee to refuse this application.

Yours sincerely

[REDACTED]
Secretary
Nethy Bridge & Vicinity Community Council
