**Title: REPORT ON THE INDEPENDENT REVIEW OF THE
SCOTTISH PLANNING SYSTEM**

Prepared by: Gavin Miles, Head of Planning

Purpose of Report

In 2015, the Scottish Government announced an independent review of the Scottish Planning System. The report of that review was published on 31 May 2016 and is available at <http://www.gov.scot/Topics/Built-Environment/planning/Review-of-Planning>.

At the point of preparing this paper, officers have not yet had time to consider the detail of the report and its recommendations which cover many elements of the planning system. However, the Planning Committee will note the recommendation 34 of the report that “We recommend that the scope of powers of the Cairngorms National Park Authority is reviewed” reflects the evidence that the CNPA submitted to the panel.
