Dear Sir,

**2019/0247/DET - Engineering works to smooth and re-grade land at Cairngorm Mountain, Glenmore, Aviemore, Highland PH22 1RB**

I refer to the above application and must inform you that Aviemore and Vicinity Community Council fully support the proposal. Skiing plays a very important role in the economic development of Badenoch and Strathspey district. The survival of communities in the area depends upon the continuing activity of skiing as a tourist attraction, which can bring a great deal of money and employment.

The proposed work will minimise any adverse effects of recreational skiing on the natural environment and special qualities. It will increase and improve sustainable recreation opportunities for the local community and visitors and maximise the benefits to the local, and National Park, economy and support initiatives encouraging training and recreation.

Yours faithfully,

[REDACTED]

Chairman     John Grierson

Vice-chairman     Al Dargie

Secretary     Al Dargie

Treasurer     Wilma Grierson
