To: Kirsty Mackenzie
Subject: Re: Consultation Reminder - 2018/0046/DET
Importance: Normal

Dear Kirsty (Planning Support Officer, Cairngorms National Park Authority)

Thank you for your request for the Community Council's response to the Planning Application 2018/0046/DET

We were convinced that we had already sent a response, so particularly appreciate you asking us again

We were in generally in favour of the plans submitted.

Two members of the Community Council checked potential sightlines at the exit and had no problem

We were pleased at the positioning of a footpath to the development entrance.

Our only concern was that we would like a fence around the SUDS pond. We felt it might be a safety risk as there will be children from the dwellings to be built.

Kate Adamson
