Comment Reasons:

Comment: Dear Katherine Donnachie,

Our house is next to the above proposed development.

We are very concerned about the 23 Affordable Housing, as it so close to our property.

The concern is, that the LOSS of the value of our property is almost certain.

There is a security issue as well... no mentioning of secure wall, fencing, banking along our boundary.

The entrance to this development is squeezed between sliproads to and from the A9, of wich will be due for re-routed.

There is a very large QUARRY (due to being overused), is too close to our garden. What is the plan with this area.

Please concider the points we are making.

Also do you know that most of the year this land is waterlogged?

Yours, MR and MRS HARKAI
