Enquiry Text

Dear Planning Officer

CUMULATIVE IMPACT

I write to object most strongly to the proposed erection of a Wind Turbine at The Lecht Ski Centre, Corgarff.

I am concerned about the CUMULATIVE IMPACT that this turbine would have on the landscape of the North-East.

If you approve a wind turbine here, and another turbine there, pretty soon there will be wind turbines everywhere and you end up with an undesirable industrial wind farm in a rural area, and the desecration of our precious landscape forever.

I will leave it to the local residents (who will have to live with the noisy, inefficient, uneconomic, landscape-destroying whirlygig) to object on the grounds of NOISE, and VISUAL IMPACT- but I must object to the CUMULATIVE IMPACT this development will surely bring.

A new and sustainable way of creating energy should not be about sacrificing our way of life and our environment, but about technology and design adapting to provide convenience for everybody with minimum environmental impact.

I hope you and your fellow Planning Officers and members of the Planning Committee will consider my objection very carefully, and realise that the only outcome of your deliberations must be to reject this application.

Yours sincerely
 Ernest A. Hurry
