

## CAIRNGORMS NATIONAL PARK AUTHORITY

---

### FOR INFORMATION

**Title:** STANDING ITEM: STRATEGIC RISK REGISTER

**Prepared by:** DAVID CAMERON, HEAD OF CORPORATE SERVICES

#### **Purpose**

To present the current Strategic Risk Register and request any comments or updates required to the Register.

#### **Recommendations**

The Committee is asked to:

- a) Note the updated Strategic Risk Register presented at Annex 1 to this paper;
- b) Identify any amendments or updates to the Risk Register that may be required;
- c) Note the Strategic Risk Register will be reviewed and fully updated following approval of the revised Corporate Plan for 2008 to 2011.

#### **Executive Summary**

The Management Team and Audit Committee regularly review the Authority's Strategic Risk Register. The updated Strategic Risk Register is presented in Annex 1 to this paper for information.

As previously reported to the Committee in March, Management Team has agreed that the likelihood of a number of strategic risks identified has now sufficiently diminished to warrant removing these risks from the register. These were noted by members in March and have, accordingly, now been removed.

The Committee are invited to identify any amendments or updates to the Risk Register that may be required.

The Committee are also asked to note that it is planned to fully review the Strategic Risk register in light of the new Corporate Plan for 2008 to 2011, once that Plan is approved by the Board. The Head of Corporate Services plans that this exercise will be undertaken jointly by the Management Team and Audit Committee, will be facilitated by the internal auditors, and will take place around May or June 2008.
