## APPENDIX I

### TABLE OF RECOMMENDATIONS AND MODIFICATIONS

## Appendix I

Table of Reporter's Recommendations and Modifications

Mod. No.	REPORTER'S RECOMMENDATION	PLAN PAGE/ PARA. NO.	MODIFICATION LIST	Explanation of any variance in reporters recommendation and modification
1	Amend the final sentence in paragraph 2.1 as follows: "All relevant policies will be considered before a decision is made as to the acceptability of the development proposal."	P15, para 2.1	The last sentence in paragraph 2.1 replaced with:  "All relevant policies will be considered before a decision is made as to the acceptability of the development proposal."	
2	Amend the second sentence of paragraph 2.2 as follows: "This contains detailed guidance on how to meet the standards set by the policy."	P15, para 2.2	The second sentence of paragraph 2.2 modified to read:  "This contains detailed guidance on how to meet the standards set by the policy."	
3	Insert an additional paragraph (2.3) following paragraph 2.2 as follows: "2.3 The planning authority may require additional information or surveys to ensure that sufficient and up-to-date information is before them, in order to enable a timely decision to be taken on the proposed development. Applicants are therefore strongly advised to seek pre-application advice from the planning authority before submitting a planning application, to ensure that any requirement for additional information is considered prior to the submission of a planning application."	P15,	Additional paragraph (2.3) inserted following paragraph 2.2 to read:  "2.3 The planning authority may require additional information or surveys to ensure that sufficient and up-to-date information is before them, in order to enable a timely decision to be taken on the proposed development. Applicants are therefore strongly advised to seek pre-application advice from the planning authority before submitting a planning application, to ensure that any requirement for additional information is considered prior to the submission of a planning application."	
4	Amend the final sentence of paragraph 1.1 as follows: "It sets out policies and proposals for the development and use of land for the next 5-10 years, provides a broad indication of the scale and location of growth up to year 20, and provides the basis for the assessment of all planning applications made across the whole of the National Park (see page 4)."	P7, para 1.1	final sentence of paragraph 1.1 modified to read:  "It sets out policies and proposals for the development and use of land for the next 5-10 years, provides a broad indication of the scale and location of growth up to year 20, and provides the basis for the assessment of all planning applications made across the whole of the National Park (see page 4)."	
5	Amend the first sentence of paragraph 1.3 as follows: "The Scottish Government believes that the planning system is essential to achieving its central purpose of creating a more successful country, with opportunities for all of Scotland to flourish, through increasing sustainable economic growth."	P7, Para 1.3	Amend the first sentence of paragraph 1.3 as follows:  "The Scottish Government believes that the planning system is essential to achieving its central purpose of creating a more successful country, with opportunities for all of Scotland to flourish, through increasing sustainable economic growth."	
6	Insert an additional (third) paragraph in the shaded text box (between paragraphs 1.7 and 1.8) as follows: "Early dialogue between applicants, the planning authority, the local community, other relevant statutory undertakers and local authority stakeholders, and infrastructure providers (including SNH, SEPA, Scottish Water, roads, education and health services) can be key to the success of development proposals. We strongly recommend that, where appropriate, you contact these key parties at the earliest opportunity to discuss your proposal prior	P8	An additional (third) paragraph added to the shaded text box (between paragraphs 1.7 and 1.8) as follows:  "Early dialogue between applicants, the planning authority, the local community, other relevant statutory undertakers and local authority stakeholders, and infrastructure providers (including SNH, SEPA, Scottish Water, roads, education and health services) can be key to the success of development proposals. We strongly recommend that, where appropriate, you contact these key parties at the earliest opportunity to discuss your proposal prior to the submission of a	

Mod. No.	REPORTER'S RECOMMENDATION	PLAN PAGE/ PARA. NO.	MODIFICATION LIST	Explanation of any variance in reporters recommendation and modification
	to the submission of a planning application."		planning application."	
7	Insert the following definitions into the Glossary: "Appropriate assessment: An assessment carried out by a planning authority as part of Habitat Regulations appraisal to determine whether it can be concluded that there will be no adverse effects on the integrity of a Natura site from a development proposal. If the planning authority is unable to reach this conclusion, the development proposal can only be approved in the most limited of circumstances." "Habitat Regulations appraisal: An appraisal carried out by a planning authority to determine whether a development proposal would be likely to have significant effects on any Natura 2000 site or designated area, either alone or in combination with other plans or projects. If likely significant effects are identified, the HRA moves on to an Appropriate Assessment." "Wildness: The quality experienced within areas of wild land character, dependant on physical attributes of perceived naturalness, ruggedness of terrain, remoteness and visible absence of modern artefacts." "Protected species: Wild species of animal, plant or fungi that are protected by law and for which an offense may be committed unless a license is obtained. Legal protection is provided by the Conservation (Natural Habitats, &c.) Regulations 1994 as amended, Wildlife and Countryside Act 1981 as amended and Protection of Badgers Act 1992 as amended."	P194 on	Four new definitions added to glossary:  "Appropriate assessment: An assessment carried out by a planning authority as part of Habitat Regulations appraisal to determine whether it can be concluded that there will be no adverse effects on the integrity of a Natura site from a development proposal. If the planning authority is unable to reach this conclusion, the development proposal can only be approved in the most limited of circumstances."  "Habitat Regulations appraisal: An appraisal carried out by a planning authority to determine whether a development proposal would be likely to have significant effects on any Natura 2000 site or designated area, either alone or in combination with other plans or projects. If likely significant effects are identified, the HRA moves on to an Appropriate Assessment."  "Wildness: The quality experienced within areas of wild land character, dependant on physical attributes of perceived naturalness, ruggedness of terrain, remoteness and visible absence of modern artefacts."  "Protected species: Wild species of animal, plant or fungi that are protected by law and for which an offense may be committed unless a license is obtained. Legal protection is provided by the Conservation (Natural Habitats, &c.) Regulations 1994 as amended, Wildlife and Countryside Act 1981 as amended and Protection of Badgers Act 1992 as amended."	
8	Amend the Glossary definitions for Ramsar sites and SEPA as follows: "Ramsar Convention Site: A designation of globally important wetland areas that are classified to meet the UK's commitments under the Ramsar Convention. Scottish Government Policy states that all Ramsar sites are also Natura 2000 sites and/or Sites of Special Scientific Interest and are protected under the relevant statutory regimes." "Scottish Environment Protection Agency (SEPA): The public body with a remit for environmental protection. Acting as Scotland's environmental regulator, it monitors and reports on the state of Scotland's environment."	P196 & 197	Glossary definitions for Ramsar sites and SEPA modified to read: "Ramsar Convention Site: A designation of globally important wetland areas that are classified to meet the UK's commitments under the Ramsar Convention. Scottish Government Policy states that all Ramsar sites are also Natura 2000 sites and/or Sites of Special Scientific Interest and are protected under the relevant statutory regimes." "Scottish Environment Protection Agency (SEPA): The public body with a remit for environmental protection. Acting as Scotland's environmental regulator, it monitors and reports on the state of Scotland's environment."	
9	At the top of the shaded text box for each policy, delete "THE POLICY" and replace, as appropriate, with the following titles: "Policy: New Housing Development" "Policy: Supporting Economic Growth" "Policy: Sustainable Design"		The policies in the Plan are now numbered:  Policy 1: New Housing Development Policy 2: Supporting Economic Growth Policy 3: Sustainable Design Policy 4: Natural Heritage

11	Insert the settlement specific tables as provided by the authority in its response to FIR 02. Amend each settlement		Community-specific land supply tables based on CNPA response to FIR 02 inserted to relevant community sections.	Community-specific land supply table for Carr-Bridge includes accurate information on																																																																																																													

Mod. No.	REPORTER'S RECOMMENDATION	PLAN PAGE/ PARA. NO.	MODIFICATION LIST	Explanation of any variance in reporters recommendation and modification
	plan to reflect the alteration to site names and references in Part 13 of the LDP. Update each settlement table to reflect the amendments to revised table 25.			current consent for Carr-Bridge with 117 unit consent noted.
12	A Housing Land Supply table should be included as a new appendix to the LDP, to be inserted before the Glossary and after page 193. It is attached as an appendix to this report.		Housing Land Supply Table inserted as appendix after page 193, before glossary.	Housing Land Supply Table added with accurate information on current consent for Carr-Bridge with 117 unit consent noted.
13	Amend the final sentence of paragraph 1.21 to read: "We will focus future activity and growth in these settlements and within the settled valleys and straths of the Park."	P12	Modified the final sentence of paragraph 1.21 to read: "We will focus future activity and growth in these settlements and within the settled valleys and straths of the Park."	
14	Remove the blue notation as currently shown on Figure 3: Strategy Diagram.	P12	Figure 3 revised and inserted	
15	Illustrate the level within the settlement hierarchy of each settlement on the Strategy Diagram and amend the key accordingly.	P12	Figure 3 revised	
16	Label the key routes on the Strategy Diagram and identify their primary destinations.	P12	Figure 3 revised	
17	Provide a plan as an appendix to the LDP illustrating the heritage and conservation designations in the park, and insert after revised Table 25 and before the Glossary.		Appendix 2, maps of designations added.	
18	The error in the key relating to settlements should be corrected.	P12	Figure 3 revised	
19	Modify paragraph 4.1 to include the following definition: "Sustainable Economic Growth - Building a dynamic and growing economy that will provide prosperity and opportunities for all, while ensuring that future generations can enjoy a better quality of life too."	P20, Para 4.1	Paragraph 4.1 modified to read:  Sustainable growth in the economy of the Park is at the heart of supporting our communities, helping them become and remain vibrant and attractive places for people to live and work. The Scottish Government defines Sustainable Economic Growth in Scottish Planning Policy as: "Building a dynamic and growing economy that will provide prosperity and opportunities for all, while ensuring that future generations can enjoy a better quality of life too."	
20	Add the definition of sustainable economic growth to the Glossary at the end of the LDP.	P197	Sustainable Economic Growth definition added to glossary after Sustainable development:  <b>Sustainable economic growth</b> Scottish Planning Policy (SPP), defines sustainable economic growth as: "Building a dynamic and growing economy that will provide prosperity and opportunities for all, while ensuring that future generations can enjoy a better quality of life too."	
21	Delete the final paragraph of Policy 4, and insert a new paragraph as follows:  Protecting existing sustainable economic activity  <i>Proposals for the alternative use of sites or buildings currently in, or</i>	P22	Final paragraph of policy 4 from "reduction of economic opportunity" deleted and replaced with:  <b>Protecting existing sustainable economic activity</b> Proposals for the alternative use of sites or buildings currently in, or last used for, economic and employment purposes will only be supported where this

	Policy 9 Sport and Recreation			
24	<p>Insert revised and consolidated Policy 9 and accompanying text as provided by the authority.</p>	P37-39	<p>Text under section 9 Sport and Recreation replaced with text below:</p> <p><b>What the policy aims to do</b></p> <p>9.1 The Cairngorms National Park offers outstanding opportunities for formal and informal recreation, from sports pitches and sports centres to ski centres, golf courses and mountain bike centres, and a network of paths that links communities to the countryside. There are also many other public and amenity open spaces, ranging from public parks, landscaping schemes within large-scale developments, community sports hubs and formal equipped play areas.</p> <p>9.2 The policy aims to ensure the needs of local communities and visitors for recreational space and facilities are accommodated, and existing facilities protected. This includes informal and formal recreation provision.</p> <p><b>A National Park delivering for Scotland</b></p> <p>9.3 The Scottish Government includes ‘increasing physical activity’ as a national indicator. This is aligned to the strategic objective of making Scotland a healthier nation. Suitable protection and promotion of sport and recreational opportunities through the land use planning system make a positive contribution</p>	

Mod. No.	REPORTER'S RECOMMENDATION	PLAN PAGE/ PARA. NO.	MODIFICATION LIST	Explanation of any variance in reporters recommendation and modification
			<p>to this objective.</p> <p>9.4 The National Park Partnership Plan recognises that it is vital to many aspects of the National Park's environment, communities and economy that there are a range of high quality opportunities for people who enjoy the area in ways that conserve the special qualities and maximise the benefits to all sectors. It gives a clear commitment to empowering communities, so they can thrive, and creates a planning policy that helps achieve this is important in the delivery of this outcome.</p> <p><b>What we will achieve in the next five years</b>                      9.5In the next five years new sport and recreation development will make a positive contribution to the enjoyment of the Park by its communities and by visitors alike. We will have created more and better facilities to the benefit of the wider economy, in a way which protects the Park's special qualities.</p> <p><b>The policy</b></p> <p><b>New development</b>                      Developments of sport and recreation facilities, diversification of, or extensions to existing sport and recreation related business activities, or the enhancement of the quality and design of existing facilities will be supported where:                      a) they demonstrate best practice in terms of sustainable design, operation and future maintenance, and where there are no adverse environmental impacts on the site or neighbouring areas; <b>and</b>                      b) they will meet an identified community or visitor need; <b>and</b>                      c) they maintain and maximise all opportunities to link into the existing path network.</p> <p><b>Re-development</b>                      Other sport and recreation facilities should not be re-developed except where:                      a) The proposed development is ancillary to the principal use of the site as a playing field; or                      b) The proposed development involves a minor part of the playing field which would not affect its use and potential for sport and training; or                      c) The playing field which would be lost would be replaced by a new playing field of comparable or greater benefit for sport and in a location which is convenient for its users, or by the upgrading of an existing playing field capacity in the area; or                      d) A playing field strategy prepared in consultation with sportscotland has demonstrated that there is a clear excess of sports pitches to meet current and anticipated future demand in the area, and that the site could be developed without detriment to the overall quality of provision.</p> <p><b>Reduction of facilities</b>                      Developments which would result in a reduction of sport and recreation facilities or opportunity will only be supported where:</p>	

Mod. No.	REPORTER'S RECOMMENDATION	PLAN PAGE/ PARA. NO.	MODIFICATION LIST	Explanation of any variance in reporters recommendation and modification
			<p>a) the development is ancillary to the principal use of the site as sport and recreation facilities; <b>and</b>                      b) the development would not affect the use of the site as a sport and recreation facility; <b>and</b>                      c) in the reduction of public access rights, or loss of the existing path network including loss of access to inland water, an appropriate or improved alternative access solution can be secured; <b>and</b>                      d) a compensatory site of at least equal size and quality is created which is convenient to users, or an existing facility is upgraded to maintain and improve the overall capacity in the area; <b>or</b>                      e) an audit demonstrates the development will not result in the loss of provision of services used by the affected community, and that no alternative site is available.</p> <p><b>How it will be applied</b>                      9.6 Proposals will be assessed against the impact they may have on recreation opportunities and must ensure appropriate alternative and improved opportunities.</p> <p>9.7 Adequate arrangements must also be made for long-term maintenance of open spaces created within and associated with new developments, and these arrangements will be in place prior to the granting of any permission.</p> <p>9.8 Whether within settlements or in the countryside, proposals must be of the highest quality, with no significant adverse impact on residential amenity or on the Park's special qualities.</p> <p>9.9 Formal recreation provision provides significant economic, recreational and health benefits to residents and visitors. It is recognised that many of these facilities are constrained by their sensitive location and supports their development where this is undertaken in harmony with the location; where the proposal extends the tourist season and the availability of facilities to communities; and is designed to the highest standards.</p> <p>9.10 Where the proposal involves the loss of a sports or other recreation facility or opportunity to the local community, you must include compensatory measures to ensure the local community is not adversely affected.</p> <p>9.11 This must take the form of a replacement facility, or an agreement with the community, in consultation with sportscotland in the case of outdoor sports facilities, on how this should be best achieved. Provision of land to a community may be acceptable if the community is willing to take on the future development of the replacement facility.</p>

			9.12 You must also include information on future management and maintenance arrangements are in place to retain the highest quality provision.	
	Policy 12 Developer Contributions			
25	Insert revised and consolidated Policy 12 and accompanying text as provided by the authority, subject to recommendations below.	Pages 47-49	<p>The text under Developer Contributions replaced with the following text</p> <p><b>What the policy aims to do</b></p> <p>12.1 New developments can have an impact on facilities, services and infrastructure outside the development site. They cannot be seen in isolation from the community in which they are sited. It is important that these impacts are addressed as part of the development, so that communities are not disadvantaged as a result.</p> <p>12.2 This can include works needed to facilitate the development itself – improvements to road access, how waste is handled, landscaping, and the impact the development has on the surrounding natural heritage. It can also extend to wider implications associated with the development – additional support for schools or health care, community facilities and improved transport and access links.</p> <p>12.3 Developer contributions can help to overcome problems in granting planning permission by reducing, eliminating or compensating for some negative impacts arising from the proposed development.</p> <p>12.4 This policy will ensure the delivery of a wide range of improvements which are needed as a result of new development, while ensuring that contributions are at an appropriate level that maintains viability. The policy aims to ensure that new development makes an appropriate contribution to managing the impacts of that development on the infrastructure and services of communities.</p> <p><b>A National Park delivering for Scotland</b></p> <p>12.5 The Scottish Government is committed to a planning service which enables the right development in the right place, delivered in the most efficient way. It is also committed to national improvements through its five year outcomes, and it is important that we play our part in achieving these.</p> <p>12.6 The National Park Partnership Plan gives a clear commitment to empowering communities, so they can thrive, and creating a planning policy that helps achieve this is important in the delivery of this outcome.</p> <p><b>What we will achieve in the next five years</b></p> <p>12.7 In the next five years new development will make a positive contribution to the National Park and its communities. We will have created a clear framework where everyone can see how new development contributes to their community</p>	

Mod. No.	REPORTER'S RECOMMENDATION	PLAN PAGE/ PARA. NO.	MODIFICATION LIST	Explanation of any variance in reporters recommendation and modification
			<p>and gives confidence to developers investing in the Park.</p> <p><b>The policy</b></p> <p>Development which gives rise to a need to increase or improve public services, facilities or infrastructure, or mitigate adverse effects, will normally require the developer to make a fair and reasonable contribution in cash or kind towards the additional costs or requirements. Such contributions will be consistent with the scale and nature of the development proposed and may be secured through a planning obligation or other legal agreement where necessary.</p> <p>Development which necessitates decommissioning of plant, structures or associated infrastructure will be required to provide an appropriate bond to cover the costs of remedial, restoration or reinstatement work.</p> <p>Supplementary Guidance explaining how this policy will be implemented will be produced, with detailed contribution policies for:</p> <ul style="list-style-type: none"> <li>• Education</li> <li>• Libraries</li> <li>• Healthcare</li> <li>• Recycling &amp; waste</li> <li>• Sustainable travel</li> <li>• Community facilities</li> <li>• Landscaping</li> <li>• Natural heritage</li> <li>• Open space</li> </ul> <p><b>How it will be applied</b></p> <p>12.8 Scottish Government guidance on the use of planning obligations is provided in Circular 3/2012 Planning Obligations and Good Neighbour Agreements. This sets out that planning obligations may be used to mitigate the adverse impacts of a development, where this cannot be achieved through other means such as conditions or legal agreements. The Planning etc. (Scotland) Act 2006 allows such mitigation to include payment of money (developer contributions). Any contribution will be based on the costs of provision of infrastructure required as a consequence of the development, although this may include an element to address the cumulative effects of a number of small developments.</p> <p>12.9 The Authority will not use planning obligations or other legal agreements where issues can be resolved in another way. The Authority will consider:</p> <ul style="list-style-type: none"> <li>• Use of planning conditions;</li> <li>• Use of alternative legal agreement;</li> </ul>	

Mod. No.	REPORTER'S RECOMMENDATION	PLAN PAGE/ PARA. NO.	MODIFICATION LIST	Explanation of any variance in reporters recommendation and modification
			<ul style="list-style-type: none"> <li>• Use of planning obligation only where successors in title need to be bound by the obligation.</li> </ul> <p>In the case of applications requiring developer contributions, every agreement will be negotiated on its own merits and the final level of contribution sought will be based on an assessment of the impacts on the recipient community or the natural heritage undertaken jointly with the developer and planning authority.</p> <p>12.10 These assessments will be based on environmental and community needs assessments and the community planning process. Detailed discussions with service providers, including the five local authorities, will also be required to ensure the appropriate level of provision is sought, and consequentially secured. In some cases, contributions may be sought on the basis of the cumulative effect of a number of small developments. In such cases, the contributions would be held by the relevant planning authority until such time as sufficient funds became available to allow work to progress.</p> <p>12.11 In the implementation of this policy, a pragmatic approach will be taken to the payment of contributions against the phasing of the developments. This is to ensure proposals can progress and adequate account is taken of particular economic constraints or funding regimes affecting development proposals. Supplementary Guidance will be provided to assist in the understanding of this policy and how it will apply to developments.</p> <p><b>How it will be monitored</b></p> <p>12.12 The policy will be monitored by assessing the contributions received and analysing their impact in eliminating or compensating the negative impacts of developments. It will also be monitored through review of planning consents and housing needs survey.</p>	
26	Delete reference to "Section 75 Agreement" within consolidated Policy 12, and replace with reference to "planning obligation".	P47-49	Deleted references to "Section 75 Agreement" within consolidated Policy 12, and replace with reference to "planning obligation".

30	<p>Modify the wording of <u>Policy 7 (Landscape)</u> as follows:                      Insert the phrase “, including wilderness,” after Cairngorms National Park within the opening sentence of Policy 7.</p>	P32	<p>The wording of Policy 7 (Landscape) has been modified with the insertion of the phrase “including wildness” after Cairngorms National Park in the opening sentence.</p>	<p>This is a small adjustment to the phrase recommended by the Reporters (“including wilderness”). However, the Reporters agreed with the CNPA’s suggested wording for the Policy (page 122 of the report) and clarified the “wildness” should be added to the glossary, so we consider the reference to wilderness is a typographical error rather than intentional. Wildness is already referred to in the supporting text.</p>
31	<p>Modify the wording of <u>Policy 10 (Cultural Heritage)</u> and the accompanying text to ensure that all references to ‘scheduled ancient monument’ are replaced by ‘scheduled monument’, including in the opening sentence of Policy 10.</p>		<p>Plan modified throughout so that ‘scheduled monument’ is referred to rather than “scheduled ancient monument”</p>	
32	<p>Modify the plan at the end of the Policy 10 wording (as revised</p>	P41	<p>Policy 10 modified by inserting a new paragraph under the heading ‘National</p>	

Mod. No.	REPORTER'S RECOMMENDATION	PLAN PAGE/ PARA. NO.	MODIFICATION LIST	Explanation of any variance in reporters recommendation and modification
	above) under the heading 'National designations', by insertion of a new paragraph with the following additional text: <i>"Development affecting a scheduled monument should require remains to be preserved in situ and in an appropriate setting unless exceptional circumstances can be demonstrated to the satisfaction of the authority."</i>		designations' with the following additional text:  <i>"Development affecting a scheduled monument should require remains to be preserved in situ and in an appropriate setting unless exceptional circumstances can be demonstrated to the satisfaction of the authority."</i>	
33	Modify the plan by deletion from the policy wording the following phrase in paragraph a) under the heading 'National designations': <i>"which have been formally recognised for the contribution they make to the cultural heritage of the National Park or the understanding and enjoyment of this contribution."</i>	P41	Policy 10 modified by deleting the following words from bullet a) under the heading 'National designations':  <i>which have been formally recognised for the contribution they make to the cultural heritage of the National Park or the understanding and enjoyment of this contribution.</i>	
34	Modify the plan by inserting within the policy under the sub-heading 'Furthering our knowledge' in the second paragraph the phrase <i>"building recording,"</i> immediately prior to the words archaeological recording, analysis and publication, in advance of development.	P41	Plan modified in Policy 10 by inserting <i>"building recording,"</i> immediately prior to the words "archaeological recording, analysis and publication, in advance of development" and deleting word "recording" that followed "archaeological excavation".	
35	Modify the plan by adding the following text at the end of paragraph 10.10: <i>"Given that enhancement may not always be appropriate, specialist advice will be sought to ensure appropriate development is achieved in all cases."</i>	P42	Plan modified with additional text under para 10.10: <i>Given that enhancement may not always be appropriate, specialist advice will be sought to ensure appropriate development is achieved in all cases.</i>	
36	Modify the plan by amending the introduction to the last paragraph of Policy 10 under the sub-heading 'Demolition – removal of asset' by replacing the words <i>"Proposals for demolition will only .."</i> with <i>"In all of the above cases proposals for total demolition or partial development will only ... [to then continue to the end of that last paragraph of the policy as in the proposed plan]."</i>	P42	Text in the last paragraph of Policy 10 under the sub-heading 'Demolition – removal of asset' modified by replacing the words <i>"Proposals for demolition will only .."</i> with <i>"In all of the above cases proposals for total demolition or partial development will only ... "</i>	
37	Modify the wording of Policy 11 (Resources) and the accompanying text that follows it (as highlighted) to read now as follows: Modify the plan by adding an additional criterion f), worded as follows, at the end of the first part of the policy under sub-heading 'Water resources': <i>"f) avoid unacceptable detrimental impacts on the water environment. Development should demonstrate any impacts (including cumulative) can be adequately mitigated. Existing and potential impacts up and downstream of the development, particularly in respect of potential flooding should be addressed. There is a presumption against the culverting of watercourses and any unnecessary engineering works in the water environment. Any appropriately sized buffer strip will require to be retained around all</i>	P44	Policy 11 (Resources) modified under 'Water resources' to include following text:  <i>f) avoid unacceptable detrimental impacts on the water environment. Development should demonstrate any impacts (including cumulative) can be adequately mitigated. Existing and potential impacts up and downstream of the development, particularly in respect of potential flooding should be addressed.</i>  <i>There is a presumption against the culverting of watercourses and any unnecessary engineering works in the water environment. Any appropriately sized buffer strip will require to be retained around all water features.</i>	

Mod. No.	REPORTER'S RECOMMENDATION	PLAN PAGE/ PARA. NO.	MODIFICATION LIST	Explanation of any variance in reporters recommendation and modification
	<i>water features.</i> "			
38	Modify the plan by replacing all of the text set out immediately under the 'Waste management and minimisation' sub-heading of Policy 11 with the following: "All development should: a)safeguard existing strategic waste management facilities and all sites required to fulfil the requirements of the Zero Waste Plan; b)ensure the minimisation of waste from the construction of the development and throughout the life of the development as defined in a site waste management plan or statement. New waste management facilities must contribute towards the delivery of the Zero Waste Plan and should be located on existing waste management sites, or land identified for general industrial development, employment land or storage and distribution development."	P44	Plan modified by replacing text of policy 11 under 'Waste management and minimisation' to read:  All development should:  a)safeguard existing strategic waste management facilities and all sites required to fulfil the requirements of the Zero Waste Plan;  b)ensure the minimisation of waste from the construction of the development and throughout the life of the development as defined in a site waste management plan or statement.  New waste management facilities must contribute towards the delivery of the Zero Waste Plan and should be located on existing waste management sites, or land identified for general industrial development, employment land or storage and distribution development.	
	I recommend that the proposed plan should be modified as follows ( <i>changes in italics</i> ):			
39	Adjust the wording of the policy on other housing in the countryside, so that it reads as follows: "Proposals will be supported where <i>they reinforce</i> the existing pattern of development, and: (a) it is necessary for or improves the operational and economic viability of an active business which has a locational requirement directly linked to the countryside; or (b) it is on a rural brownfield site."	P17	The first paragraph of the policy on other housing in the countryside has been modified to read:  <i>Proposals will be supported where they reinforce the existing pattern of development, and:</i>	
40	Adjust the wording of the policy on contribution toward affordable housing provision, so that it reads as follows: "The level of affordable housing required as a contribution on developments of 4 or more open market dwellings will generally be no more than 25% of the total number of units. Proposals for less than 4 open market dwellings will also be required to make a contribution towards affordable housing. This will be a cash payment towards the meeting of housing need in the local area. Proposals for offsite contributions will be considered where community needs assessments, or similar assessments, support this as a better way of meeting the housing needs of the community."	P17,	The wording of the policy on contribution toward affordable housing provision has been modified so the first paragraph reads:  The level of affordable housing required as a contribution on developments of 4 or more open market dwellings will generally be no more than 25% of the total number of units.	

Mod. No.	REPORTER'S RECOMMENDATION	PLAN PAGE/ PARA. NO.	MODIFICATION LIST	Explanation of any variance in reporters recommendation and modification
41	Adjust the definition of affordable housing in the glossary, so that it reads as follows: "Broadly defined as housing at a reasonable quality that is affordable to people on modest incomes. It may take the form of social rented accommodation, <i>private rented accommodation owned and/ or managed by a private sector landlord to approved management and maintenance standards with equivalent registered social landlords rents</i> , shared ownership, shared equity, discounted low cost housing for sale including plots for self build, and low cost housing without subsidy."	PI95	<p>The definition of affordable housing in the glossary has been adjusted so that it now reads:</p> <p><i>Broadly defined as housing at a reasonable quality that is affordable to people on modest incomes. It may take the form of social rented accommodation, private rented accommodation owned and/ or managed by a private sector landlord to approved management and maintenance standards with equivalent registered social landlords rents, shared ownership, shared equity, discounted low cost housing for sale including plots for self build, and low-cost housing without subsidy</i></p>	
42	Adjust the wording of paragraph 3.2, so that it reads as follows: "3.2 We want to enable <i>and actively support the delivery of new housing which is affordable and meets community needs</i> , in turn supporting and growing the economy. While most growth is focussed in major settlements all communities should have some options for new housing and everyone should be able to see what those opportunities are in the next 5-20 years."	PI6, Para 32	<p>Plan modified so paragraph 3.2 reads:</p> <p><i>We want to enable and actively support the delivery of new housing which is affordable and meets community needs, in turn supporting and growing the economy. While most growth is focussed in major settlements all communities should have some options for new housing and everyone should be able to see what those opportunities are in the next 5-20 years.</i></p>	
43	<p>The plan should be modified by the inclusion of a new Policy 7A and supporting text, under a new section heading <i>Digital infrastructure</i> to be inserted after paragraph 7.12 – with consequential effects on the numbering for the paragraph shown as 7.13 and 7.14, to become 7.14 and 7.15 respectively, under the sub-heading <i>How it will be monitored</i>. Consequential minor amendments to the new policy 7.14 will also be necessary for consistency. The required new insertion to the plan should read as follows:</p> <p>"Digital Infrastructure [New] 7.13 The above policy requirements apply to all new built developments within the National Park area. Nevertheless there is also a need to set out additional, more specific policy principles and requirements that would apply to new digital infrastructure installations. The following policy underlines the Scottish Government's commitment in this regard, set out in Scottish Planning Policy. Accordingly, the policy is intended to support world class digital technology through the provision of the most up to date networks to serve homes and business premises whilst ensuring that all such infrastructure installations are sited and designed to keep environmental impacts to a minimum.</p> <p>Policy 7A The Siting and Design of Digital Communications Equipment</p> <p>Proposals for new telecommunications or other digital communications equipment will only be permitted provided that all of the following criteria are met, to the satisfaction of the park authority:</p>	Page 33	<p>Additional Policy 7A and supporting text added to plan:</p> <p><b>Digital Infrastructure</b></p> <p><i>7.13 The above policy requirements apply to all new built developments within the National Park area. 	also help assess how these policies are achieving their goals. 7.15 [as stated in the draft plan where it was paragraph 7.14]"			
44	<p><u>Climate Change</u>                      The plan should be modified to include the following changes to the wording of Policy 5: Sub-paragraph of the policy section a) to now read:                      a) "minimise the effect of the development on climate change in terms of siting, construction <u>and once complete – to achieve at least the minimum standard in compliance with those set out in the Building Standards Technical Handbook; and</u>"                      Sub-paragraph of the policy section d) to now read:                      d) "make sustainable use of resources, (including the minimisation of energy, waste, and water usage), within the future maintenance arrangements, and for any decommissioning which may be necessary - to achieve at least the minimum standard in compliance with those set out in the Building Standards Technical Handbook; and"</p>	Page 24, Policy 5	<p>Policy 5 modified to read:                      a) <i>minimise the effect of the development on climate change in terms of siting, construction <u>and once complete – to achieve at least the minimum standard in compliance with those set out in the Building Standards Technical Handbook; and</u></i>                       d) <i>make sustainable use of resources, (including the minimisation of energy, waste, and water usage), within the future maintenance arrangements, and for any decommissioning which may be necessary - to achieve at least the minimum standard in compliance with those set out in the Building Standards Technical Handbook; and</i></p>	
45	Amend the first sentence of paragraph 13.16 as follows: "All development proposals must demonstrate: how they meet the objectives set out for each community; and, where appropriate, how they respond to the need to mitigate and adapt to climate change."	Page 53, Para 13.16	<p>The first sentence of paragraph 13.16 modified to read:   <i>All development proposals must demonstrate: how they meet the objectives set out for each community; and, where appropriate, how they respond to the need to mitigate and adapt to climate change.</i></p>	
46	Amend paragraph 13.19 as follows: "Constraints to development not shown on the proposals maps include listed buildings, scheduled ancient monuments and ancient and semi-natural woodland. Accurate data regarding these and other non-designated natural and cultural heritage sites and assets can be obtained, as appropriate, from the National Park Authority, the relevant local authority, Historic Scotland and RCAHMS."	Page 53, Para 13.19	<p>Paragraph 13.19 modified to read:   <i>Constraints to development not shown on the proposals maps include listed buildings, scheduled ancient monuments and ancient and semi-natural woodland. Accurate data regarding these and other non-designated natural and cultural heritage sites and assets can be obtained, as appropriate, from the National Park Authority, the relevant local authority, Historic Scotland and RCAHMS.</i></p>	
	I recommend that the following modifications be made: <b>BALLATER</b>			
47	Modify the last sentence of the text of the proposed plan under the sub-heading T1 to now read: "The site lies wholly within SEPA's indicative 1:200 year flood risk area. No additional site capacity and no development which results in a loss of flood plain capacity will be supported. A detailed Flood Risk Assessment will be required to accompany any further development proposal for the site."	Page 75	<p>The last sentence of the text under the sub-heading T1 modified to read:   <i>The site lies wholly within SEPA's indicative 1:200 year flood risk area. No additional site capacity and no development which results in a loss of flood plain capacity will be supported. A detailed Flood Risk Assessment will be required to accompany any further development proposal for the site.</i></p>	
48	Modify paragraph 17.7 to read: "In addition, development on land allocated in the Plan has potential to have significant effect, directly or indirectly, on a number of European designated sites, alone or in combination, including the following:	Page 73, Para 17.17	<p>Modify paragraph 17.7 to read:   <i>In addition, development on land allocated in the Plan has potential to have significant effect, directly or indirectly, on a number of European designated sites,</i></p>

If the planning authority is unable to reach this conclusion, your proposal will be judged not to be in accordance with this plan.</i>	
63	Modify the Dinnet settlement boundary on the settlement map to include the full rear garden areas of the two residential properties known as 'Stondhu' and 'Transy'. Explanatory Text		Settlement Map for Dinnet revised to include the whole area of garden of the residential properties of Strondhu and Transy within the settlement boundary.	
64	Modify paragraph 26.17 of the proposed plan (page 120) by adding the following text <i>"and takes advantage of opportunities to link into the Deeside Way strategic walking and cycling route"</i> .	Page 122, Para 26.17	Paragraph 26.17 amended to read:  <i>and takes advantage of opportunities to link into the Deeside Way strategic walking and cycling route</i>	
65	Modify the end of the fifth bullet point of para 26.3 by adding the following: <i>"</i> ".	Page 120, Para 26.3	Fifth bullet of Paragraph 26.3 amended to read: <ul style="list-style-type: none"> <li><i>Take opportunity to enhance the role of Dinnet as a 'gateway' into the Natinal Park and its location on the Deeside Way:</i></li> </ul>	
	An Camas Mòr			
66	Add five new bullet points after the existing text at paragraph 14.13 as follows: <ul style="list-style-type: none"> <li>• within and to the south of the site are areas of woodland registered in the Ancient Woodland Inventory</li> <li>• the whole area falls within a National Scenic Area</li> <li>• along the western boundary is the River Spey Special Area of Conservation</li> <li>• land to the south and west is designated as a Site of Special Scientific Interest (River Spey SSSI, Craigellachie SSSI, Kinveachy Forest SSSI and North Rothiemurchus Pinewood SSSI), Special Protection Area (Cairngorms SPA and Kinveachy Forest SPA) and/or Special Area of Conservation (Cairngorms SAC, River Spey SAC, Kinveachy Forest SAC)</li> <li>• west of the A9 is Craigellachie National Nature Reserve"</li> </ul>	Page 56, Para 14.13	Paragraph 14.13 amended to read: <ul style="list-style-type: none"> <li>• within and to the south of the site are areas of woodland registered in the Ancient Woodland Inventory</li> <li>• the whole area falls within a National Scenic Area</li> <li>• along the western boundary is the River Spey Special Area of Conservation</li> <li>• land to the south and west is designated as a Site of Special Scientific Interest (River Spey SSSI, Craigellachie SSSI, Kinveachy Forest SSSI and North Rothiemurchus Pinewood SSSI), Special Protection Area (Cairngorms SPA and Kinveachy Forest SPA) and/or Special Area of Conservation (Cairngorms SAC, River Spey SAC, Kinveachy Forest SAC)</li> <li>• west of the A9 is Craigellachie National Nature Reserve</li> </ul>	
67	Replace the first sentence of paragraph 14.14 with the following:	Page 56,	Paragraph 14.14 amended to read:	

Mod. No.	REPORTER'S RECOMMENDATION	PLAN PAGE/ PARA. NO.	MODIFICATION LIST	Explanation of any variance in reporters recommendation and modification
	"In addition, development on land allocated in the Plan has potential to have a significant effect, directly or indirectly, on a number of European designated sites, alone or in combination:"	Para 14.14	In addition, development on land allocated in the Plan has potential to have a significant effect, directly or indirectly, on a number of European designated sites, alone or in combination:	
68	The list provided at paragraph 14.14 should also be expanded to include the following bullet points: <ul style="list-style-type: none"> <li>• "Anagach Woods SPA</li> <li>• Craigmore Wood SPA"</li> </ul>	Page 56, Para 14.14	Additional bullets added to Paragraph 14.14: <ul style="list-style-type: none"> <li>• Anagach Woods SPA</li> <li>• Craigmore Wood SPA</li> </ul>	
69	Amend the introductory text of paragraph 14.15 as follows: "You must supply as part of your planning application, all necessary information to allow the planning authority to carry out Appropriate Assessment in order that they can be confident that your development will not have an adverse effect on the site integrity in view of the conservation objectives, either alone or in combination with other plans or projects. If the planning authority is unable to reach this conclusion, your proposal will be judged not to be in accordance with this plan. Specifically your proposal must address the mitigation measures (as set out in Natural Heritage Supplementary Guidance) required to address potential impacts on:"	Page 56, Para 14.15	Paragraph 14.15 amended to read:  You must supply as part of your planning application, all necessary information to allow the planning authority to carry out Appropriate Assessment in order that they can be confident that your development will not have an adverse effect on the site integrity in view of the conservation objectives, either alone or in combination with other plans or projects. If the planning authority is unable to reach this conclusion, your proposal will be judged not to be in accordance with this plan. Specifically your proposal must address the mitigation measures (as set out in Natural Heritage Supplementary Guidance) required to address potential impacts on:	
70	Paragraph 14.16 should be amended to read: "In addition, for the Cairngorms SAC, a Compensatory Woodland Planting Plan (CWPP) should be submitted as part of the information for the Appropriate Assessment. This should indicate the habitat(s) where it is proposed that compensatory woodland planting will occur and the new habitat(s) to be established. The CWPP should demonstrate that there will be no adverse effect on the integrity of the Cairngorms SAC through habitat loss. Scarcer qualifying habitats should be avoided within the planting plan, including blanket bog, dwarf-shrub heaths and wet heath".	Page 56, Para 14.16	Paragraph 14.16 amended to read:  In addition, for the Cairngorms SAC, a Compensatory Woodland Planting Plan (CWPP) should be submitted as part of the information for the Appropriate Assessment. This should indicate the habitat(s) where it is proposed that compensatory woodland planting will occur and the new habitat(s) to be established. The CWPP should demonstrate that there will be no adverse effect on the integrity of the Cairngorms SAC through habitat loss. Scarcer qualifying habitats should be avoided within the planting plan, including blanket bog, dwarf-shrub heaths and wet heath.	
71	Amend the first sentence of paragraph 14.19 to read: "... there are assets around the site which may be impacted upon by the development, including a scheduled monument. Any proposal, including the provision of associated services, must therefore consider the impact on cultural heritage assets including this scheduled monument, considering disturbance above and below ground, and any impact made both to individual resources and in a cumulative manner. Mitigation for potential direct impacts upon assets including the scheduled monument should also be given due attention."	Page 57, Para 14.19	Paragraph 14.19 amended to read:  Whilst the allocated site for the new settlement does not contain any formal cultural heritage assets, there are assets around the site which may be impacted upon by the development, including a scheduled monument. Any proposal, including the provision of associated services, must therefore consider the impact on cultural heritage assets including this scheduled monument, considering disturbance above and below ground, and any impact made both to individual resources and in a cumulative manner. Mitigation for potential direct impacts upon assets including the scheduled monument should also be given due attention.	
72	Amend paragraph 14. 21 as follows:	Page 57,	Paragraph 14.21 amended to read:	

Mod. No.	REPORTER'S RECOMMENDATION	PLAN PAGE/ PARA. NO.	MODIFICATION LIST	Explanation of any variance in reporters recommendation and modification
	"A flood risk assessment has shown that the development site, including the new access road, is free from flood risk but that parts of the new access road has the potential to affect flooding elsewhere; detailed plans must demonstrate how the proposal will not increase flood risk elsewhere."	Para 14.21	A flood risk assessment has shown that the development site, including the new access road, is free from flood risk but that parts of the new access road has the potential to affect flooding elsewhere; detailed plans must demonstrate how the proposal will not increase flood risk elsewhere	
73	An additional sentence to be added to the end of paragraph 14.24 to read: "Development of recreational and leisure facilities on land either side of the river, and of a link bridge across the river to Aviemore, has potential to have a significant effect on the River Spey SAC through disturbance to otters, disturbance to freshwater species movement and impact on water quality. To accord with this plan, detailed proposals for these developments must demonstrate that there would be no adverse effect on the integrity of the River Spey SAC, alone or in combination with other plans or projects".	Page 58, Para 14.24	Paragraph 14.24 amended to read:  Development of recreational and leisure facilities on land either side of the river, and of a link bridge across the river to Aviemore, has potential to have a significant effect on the River Spey SAC through disturbance to otters, disturbance to freshwater species movement and impact on water quality. To accord with this plan, detailed proposals for these developments must demonstrate that there would be no adverse effect on the integrity of the River Spey SAC, alone or in combination with other plans or projects.	
74	Add an additional sentence to the end of the existing text at paragraph 14.25 as follows: "Account should be taken of the priorities and recommendations set out in the HITRANS Aviemore Active Travel Audit."	Page 58, Para 14.25	Paragraph 14.25 amended to read:  Account should be taken of the priorities and recommendations set out in the HITRANS Aviemore Active Travel Audit.	
	<b>AVIEMORE</b>			
75	Paragraph "Open Space" at page 67 be amended to include the following text: "Site C1: Land at Dalfaber Drive between the Bowling Green and Main Railway Line provides an important community resource and will be protected for community use" and "C2: Land at the former school playing fields should be protected from inappropriate development. The land adjacent to the old primary school is therefore allocated for community use."	Page 67, Para 'Open Space'	Paragraph 67 amended to read:  Site C1: Land at Dalfaber Drive between the Bowling Green and Main Railway Line provides an important community resource and will be protected for community use" and C2: Land at the former school playing fields should be protected from inappropriate development. The land adjacent to the old primary school is therefore allocated for community use.	
76	Amend the settlement plan for Aviemore to reflect SD41 Suggested Revised Settlement Map for Aviemore so as to include sites C1 and C2.		Aviemore map revised to show C1 & C2	
77	Amend the 4 <sup>th</sup> bullet point in paragraph 16.5 to include: "and proximity to the National Nature Reserve at Craigellachie NNR"	Page 64, Para 16.5	Fourth bullet, Paragraph 16.5 amended to include:  and proximity to the National Nature Reserve at Craigellachie NNR;

Mod. No.	REPORTER'S RECOMMENDATION	PLAN PAGE/ PARA. NO.	MODIFICATION LIST	Explanation of any variance in reporters recommendation and modification
151	Modify the introductory part of paragraph 38.8 to read: " You must supply as part of your planning application, all necessary information to allow the planning authority to carry out Appropriate Assessment in order that they can be confident that your development will not have an adverse effect on the site integrity in view of the conservation objectives, either alone or in combination with other plans or projects. If the planning authority is unable to reach this conclusion, your proposal will be judged not to be in accordance with this plan. Specifically your proposal must address the mitigation measures (as set out in Natural Heritage Supplementary Guidance) required to address potential impacts on."	Page 174, Para 38.8	Paragraph 38.8 amended to read:  You must supply as part of your planning application, all necessary information to allow the planning authority to carry out Appropriate Assessment in order that they can be confident that your development will not have an adverse effect on the site integrity in view of the conservation objectives, either alone or in combination with other plans or projects. If the planning authority is unable to reach this conclusion, your proposal will be judged not to be in accordance with this plan. Specifically your proposal must address the mitigation measures (as set out in Natural Heritage Supplementary Guidance) required to address potential impacts on:	
152	<u>Open Space</u> Modify the settlement map for Nethy Bridge to no longer show the small parcel of land adjoining Dell Cottage and Taigh Fuinidh – as defined in representation 099 - as being formally designated as Open Space. Instead that particular area of land would not be specifically allocated in the proposed plan but it would remain within the settlement boundary that would be unaffected by this modification.		Map changed to remove protected open space from this area.	
	<u>CARR-BRIDGE</u>			
153	<u>HI</u> Modify the plan by amending the HI allocation such that it would be restricted to only the non-woodland northern part - with the remainder – comprising the whole of the woodland element of the HI proposal put forward by the park authority- being no longer allocated. In addition the settlement boundary in the immediate vicinity of the reduced HI site should be amended to exclude the whole Carr Plantation woodland and instead follow the northern edge of that woodland.		Map amended to smaller HI site and to accurately show the existing outline planning consent boundary.	
154	<u>Natural Heritage</u> Modify paragraph 23.6 by the addition of a new bullet point stating: "The River Dulnain and its bank are also designated as a Special Area of Conservation (part of River Spey SAC)."	Page 103, Para 23.6	Addition of bullet point to Paragraph 23.6:  <ul style="list-style-type: none"> <li>The River Dulnain and its bank are also designated as a Special Area of Conservation (part of River Spey SAC).</li> </ul>	
155	The list of bullet points at the end of paragraph 23.7 should be extended to include: <ul style="list-style-type: none"> <li>Abernethy Forest SPA</li> <li>Annagach Woods SPA</li> <li>Cairngorms SPA</li> <li>Craigmore Wood SPA.</li> </ul>	Page 103, Para 23.7	Addition of bullet points to Paragraph 23.7 to read:  <ul style="list-style-type: none"> <li>Abernethy Forest SPA</li> <li>Anagach Woods SPA</li> <li>Cairngorms SPA</li> <li>Craigmore Wood SPA</li> <li>Kinveachy Forest SPA</li> <li>River Spey SAC</li> <li></li> </ul>	
156	Modify the introductory part of paragraph 23.8 to read: " You	Page	Paragraph 23.8 amended to read:

177	Correct the type-setting error at page 190 H2.		Type-setting Corrected	
	<b>Minor and consequential modifications not described above</b>			
178		P24, Policy 3 sustainable design	Added policy subheading “Design Statements”	
179	Modification consequential to Reporter’s recommendation on Nethybridge HI.	Chapter 38, P175, Housing	text under Housing modified to reflect reporters recommendations and now read:  <b>HI</b> This site has capacity for around 15 units in the east of the village. Development of the site will retain enough woodland to allow for movement of species between areas of woodland to the sides of the site and retain the woodland setting of this part of the village. A small water course runs near to the site and a flood risk assessment may be required in support of any further planning application or reserved matters.	
180	Modification consequential to Reporter’s recommendation on Carr-Bridge HI.	Chapter 23, P105, Housing	All the text under HI has been replaced with the following text to reflect the Reporter’s recommendation on Carr-Bridge HI.  <b>HI:</b> Carr Road – this site has capacity for 36 dwellings. The detail of any development proposals should be designed in a way which promotes the highest standards of access, layout, building design and public realm.	

Mod. No.	REPORTER'S RECOMMENDATION	PLAN PAGE/ PARA. NO.	MODIFICATION LIST	Explanation of any variance in reporters recommendation and modification
181	Minor change to improve clarity	Chapter 41, P189, para 41.6	Second bullet modified to read: <ul style="list-style-type: none"> <li>• In addition the River Avon and Conglass Water and their bank areas are also part of the River Spey SAC.</li> </ul>	
182		P7 para 1.1 & 1.2	Paragraphs 1.1 -1.2 replaced with following text: <p>1.1 This is the Local Development Plan (the Plan) for the Cairngorms National Park. The Cairngorms National Park Local Development Plan replaces the Cairngorms National Park Local Plan 2010 and that part of the Perth &amp; Kinross Council Highland Area Local Plan 2000 that falls within the National Park boundary. It sets out policies and proposals for development and use of land for the next 5-10 years, and provides the basis for the assessment of all planning applications made across the whole of the National Park (see map on page 4).</p> <p>1.2 In developing the Local Development Plan the Cairngorms National Park Authority (CNPA) published and consulted on a Main Issues Report for the Plan between 19 September and 9 December 2011, to identify the main land use planning issues for the Park. This helped inform the proposed Plan which was consulted on between April and July 2013. A Local Development Plan Examination of the unresolved issues following consultation was undertaken by Reporters from The Scottish Government's Department of Planning and Environmental Appeals between February and September 2014. The report of the Examination included recommendations on how the CNPA should proceed and those recommendations were incorporated as modifications to the proposed Plan.</p>	
183		P8, para 1.4 & 1.5	Replace paragraph 1.4 & 1.5 with following text: <p>1.4 The Plan has three sections: Introduction with Vision and Spatial Strategy; Policies; and Community Information. Each section has a purpose and provides important information that will be used to determine planning applications. Development proposals will be assessed against all policies and relevant information within the Plan, so the Plan must be read in its entirety to understand the decision making process.</p> <p>1.5 There are 11 policies in the Plan. Each of them has (or will have during the life of the Plan) associated Supplementary Guidance that helps explain how the policies will be used and what is needed in order to get planning permission under them. A checklist at the start of each piece of guidance helps ensure you supply the planning authority with the correct information to allow your application to be processed. The Core Paths Plan forms one part of the Supplementary Guidance and development proposals must consider their impact on the core paths network.</p>
