The above application was discussed at a meeting of Donside Community Council held on 9th October 2018.

Doinside Community Council recognise that development of tourism opportunities is generally of benefit to the community. In this case , however, it would appear that the scale and location of the proposed development would have significant impact on the balance of residents to holiday homes and lets in the area. There is also evidence that there would be a significant adverse impact on the environment and consequently the enjoyment of the area by residents and tourists alike.

Therefore, DCC does not support this application.

Thank you for your email as below.

I have checked our planning in box and our planning systems and cannot see a response from Donside Community Council. Therefore could you possibly email your response to [planning@cairngorms.co.uk](mailto:planning@cairngorms.co.uk) and we will get this uploaded to our systems and public access.

Kind regards,

Dee.
