

CAIRNGORMS NATIONAL PARK AUTHORITY AUDIT & RISK COMMITTEE

FOR DECISION

Title: INTERNAL AUDIT: CYBER SECURITY REVIEW

**Cover Paper Prepared by:
ALIX HARKNESS, CLERK TO THE BOARD**

**Report Submitted by:
ASHLEY BICKERSTAFF, AZETS**

Purpose

This paper presents the review of the Cairngorms NPA's approaches and controls in place for our Cyber Security. The review has been undertaken as part of the agreed Internal Audit Plan for 2021/22.

Recommendations

The Audit & Risk Committee is asked to:

- a) Consider the internal auditors report and findings;**
- b) Endorse the management responses to recommendations for future action and system improvements.**

Executive Summary

1. Azets have undertaken a review of the Authority's Cyber Security. The internal audit report is presented in full at Annex I to this paper.
2. Four recommendations for improvement actions are raised, all of which have been accepted by management. Responses to recommendations outlining future action to be taken, officers responsible and timetable for action have been set out in the report at Annex I. Three of the recommendations are assessed to have high risk exposure and one has been assessed as moderate risk exposure.
3. Of the four areas of control assessment covered by the review, one is identified as having their control objectives achieved while with scope for improvement. The remaining three control objectives are assessed as not achieved with inadequate or ineffective controls in place.
