

Annex 1 Links to other Plans and Programmes

Relevant plan/ programme	Objectives or requirements	How it affects or is affected by the Draft Core Paths Plan
Cairngorms National Park Plan	Sets out a long-term 25 year vision for the Park and strategic objectives to guide its management. Then it identifies the priorities for investment and action over the next five year period that will start to deliver the vision.	The Park Plan identifies the provision of high quality opportunities for outdoor access as one of its priorities for action over the next 5 years. The Core Paths Plan is the implementation plan for this priority in the Park Plan but it will also contribute to the delivery of wider actions within the Plan relating to eg transport.
Cairngorms National Park – Deposit Local Plan	Guides and controls the development and use of land in the Park at a detailed level.	Policies in the Local Plan relating to recreation, access management, signage and interpretation will guide the implementation of the Core Paths Plan.
Enjoying the Cairngorms – Cairngorms National Park, Outdoor Access Strategy 2007-2012	The Outdoor Access Strategy will develop the legal requirements for recreation and access under the Land Reform (Scotland) Act 2003 and in addition, it will provide a framework for the future management and delivery of outdoor access.	Policies on Action Themes and Action Areas have guided the drafting of the Draft Core Paths Plan and will guide the implementation of the Core Paths Plan.

Annex 2 – List of Acronyms and Abbreviations

Acronym/Abbreviation	Description
ATV	All Terrain Vehicle
BAP Site	Biodiversity Action Plan Site
CNPA	Cairngorms National Park Authority
GCR	Geological Conservation Review Site
HGDL	Historic Garden and Designed Landscape
LBAP	Local Biodiversity Action Plan
NMR	National Monument Record
NNR	National Nature Reserve
NSA	National Scenic Area
SAC	Special Area of Conservation
SAM	Scheduled Ancient Monument
SEA	Strategic Environmental Assessment
SNH	Scottish Natural Heritage
SPA	Special Protection Area
SSSI	Site of Special Scientific Interest
SEPA	Scottish Environmental Protection Agency
