

COMMUNICATIONS SUPPORT

We provide a number of communications opportunities for land managers. These are designed to encourage and improve contact between individual land based businesses, public agencies, communities and customers, and include:

- raising awareness of **new opportunities** for land managers
- assisting land managers to **collaborate and share knowledge** with others
- supporting **forums, advisory groups and partnerships** to build positive relationships
- developing **online resources**
- supporting wider **community and business networks**

LAND MANAGEMENT IN THE CAIRNGORMS NATIONAL PARK

Land management plays a key role in making the Cairngorms National Park an outstanding place for its unique nature and landscapes, diverse visitor experience and dynamic rural economy.

WHAT THE CAIRNGORMS NATIONAL PARK AUTHORITY CAN DO FOR YOU

The Cairngorms National Park Authority (CNPA) provides a range of services to land management businesses to support the vital part they play in delivering the conservation, rural development and visitor experience priorities in the Cairngorms National Park Partnership Plan.

ADVICE

We offer **advice on management and funding sources**, including the Scotland Rural Development Programme, for:

- woodland enhancement and expansion
- wetland and wet grassland enhancement and restoration
- montane, moorland and upland heath habitat management
- peatland management and restoration
- agri-environment work
- Wildlife Estates Scotland initiative
- collaborative deer management
- outdoor access and recreation

TRAINING AND SKILLS DEVELOPMENT

We can support land based businesses acquire and improve **relevant and necessary skills** by coordinating and assisting with funding, along with partners, for training in:

- key rural skills, eg chainsaw certificate, quad-bike use, safe use of pesticides
- businesses development and diversification, eg renewables
- conservation skills, eg habitat restoration, surveying and monitoring
- competence, eg best practice in forestry and deer management
- health and safety, eg first aid in remote locations

Services include:

- advice
- training and skills development
- communications support
