

Dinnet and Ordie

During the public engagement process it was found that there is support for the good network of trails at Loch Kinord although they could be improved by making them more accessible for a wider range of users (including pushchairs, wheelchairs, bikes etc) by removing barriers. There is a certain level of confusion over access to the water at Loch Kinord in relation to rights and accessibility.

The most popular paths identified were those around and accessing Loch Kinord, and the Old Deeside Line. There was some demand for an off-road route alongside the A97 between Dinnet and Ordie.

Most activities proved popular in the area although low level walking was by far the most popular, followed by cycling off-road. Most people doing activities did so to keep fit and healthy and also to enjoy the countryside, a lot of people also did them just to get about but few people do so to get to work or school. There was some demand for better low level walking routes and a comparatively high demand for better opportunities for pushchair users.

DINNET AND ORDIE – Proposed Core Paths	
Path Ref. No.	Path Description
UDE3	Deeside Way
UDE4	Dinnet to Glen Tanar
UDE35	Pine Tree Trail
UDE36	Two Lochan Trail
UDE37	Dog Loop
UDE38	Old Road Trail
UDE39	Lochside Trail
UDE40	Cambus o May – Loch Kinord link
UDE41	Culblean Circular Route
UDE42	Burn o Vat Circular Route
UDE43	Little Ord Circular Route
UDE44	Loch Kinord Circular Route
UDE45	Bogingore Circular Route
UDE46	Loch Clarack link
