

Revised wording to Granttown on Spey HI required from LPI session 26th May 09

Granttown-on-Spey

Proposals

GS/HI: A 9.6Ha site on the northern edge of the settlement, between the hospital and the campsite. A detailed flood risk assessment may be required to accompany any further development proposals on this site. The site is known to be used by wading birds and would require more detailed survey to establish the ecological importance of the site and the impact of any development.
