

Preparation of a Core Paths Plan is a statutory duty for the Cairngorms National Park Authority as outlined in the Land Reform (Scotland) Act 2003. It will provide for a system of paths that are sufficient to provide the public with reasonable access throughout their area. The Plan is illustrated with maps to clearly show the geographic location of proposed core paths for the purposes of consultation. This document contains mapping data which is the property of Ordnance Survey and any unlawful use or copying other than for the purpose of viewing and printing is prohibited. For Reference purposes only. No further copies may be made.

The representation of features or boundaries in which Cairngorms National Park Authority or others have an interest does not necessarily imply their true positions. For further information please contact the appropriate authority."
