2.0 Provision of the Local Plan

- 2.1 Policy 11 within the Deposit Local Plan as modified gives policy guidance to allow a consistent framework for development of proposals and for the assessment of applications which fall within designated Conservation Areas. During the current transitional arrangements set out in the Planning etc. (Scotland) Act 2006 (Development Planning) (Saving, Transitional and Consequential Provisions) Order 2008, the policy is intended to provide an appropriate level of guidance to meet the requirements of SPPI (CD2.2 para 37-38) and Scottish Planning Policy (CD2.1 para 15-18) and ensure that applications affecting such conservation areas are determined in a consistent manner.
- 2.2 The Policy has been modified in the 1st modifications to the Deposit Local Plan with word changes to draw the policy in line with the requirements of Planning (Listed Buildings and Conservation Areas) (Scotland) Act 1997 (CD1.5). The supporting text has also been expanded to give greater clarity on the role of conservation areas within the National Park, to clarify the protection given to trees within conservation areas, and to link the preparation of conservation area appraisals to wide public consultation.
- 2.4 The Policy relates to conservation areas designated by the 4 Local Authorities, and as identified on the Proposals Maps appended to the Deposit Plan as modified.
