**STATEMENT OF EVIDENCE**  
**Hearing Session**

**Provision of the Local Plan**

**4.38 Landscape**

**Summary of objection(s)**

Whereas we appreciate that some buildings make a positive contribution to the landscapes of the Park, they certainly do not all, and therefore we do not accept that it is justifiable to refer to the 'sum of patterns and buildings of human development'.

**Recommendation.**

Replace 'the sum of patterns and buildings of human development' with '**some** of the patterns and buildings of human development' .
