

List of local event organisers offering services to others

If you are organising an event in the Park it can be particularly helpful to work with local event organisers who offer services to others. They will know the area and will often have a range of useful contacts. If you wish to be added to the list please contact us.

Important Notes: This list is primarily intended to provide a service to event organisers to assist them in their planning. It is only as up-to-date as the information that is fed to the CNPA.

List updated: 11th July 2013

Name	Services offered	Contact details
Dr Cathy Mordaunt	I'm able to provide advice to organisers on the environment, working within a designated area and how to manage impacts. I can arrange to undertake negotiating consents with landowners and SNH as well as liaise with bodies like CNPA. I can also help organisers to reduce the footprint of their event, both in actual terms and in terms of sustainability.	cathy@mountainenvironmentservices.com
Wilderness Scotland	We are destination experts and deliver inspiring events in the Cairngorms National Park. Wilderness Events offers incentive experiences, charity challenges and team building events ranging from one day to one week. We comfortably cater for 4 to 400 people and work creatively with your budget to deliver a unique and rewarding experience. As Scotland's only 5-star accredited activity provider and holding a gold award for Green Tourism; you can be sure that your experience will be delivered in a sustainable manner and to	craig@wildernessevents.com 01479 420 020

	the highest of standards.
