## Glenmore and Rothiemurchus

During the public engagement process it was found that the paths around Glenmore and Rothiemurchus offer fantastic opportunities for a wide range of users and abilities. There is a need to improve some path surfaces to make them more accessible to wheelchairs and there is demand for completion of an off-road cycle route between Aviemore and Glenmore.

The most popular paths identified in the area were most of the Rothiemurchus promoted paths, the Ryvoan Pass, Loch Morlich to Rothiemurchus Lodge and beyond and Loch an Eilein (all identified by 61% of respondents). Trails around Loch Morlich and Glenmore Lodge were also very popular.

Most activities proved popular in the area although low level walking, hill walking and cycling off-road were by far the most popular with most people doing activities to keep fit and healthy and to enjoy the countryside. There was some demand for better off-road cycling opportunities and wheelchair access.

GLENMORE AND ROTHIEMURCHUS – Proposed Core Paths
