Map 9

Ballater

The map on the opposite page shows the proposed core paths network for the area around Ballater. The paths proposed within this area have been chosen as they best fit with the objectives of the Core Paths Plan and have been identified during the consultation process. Many of the paths selected were put in place by the Upper Deeside Access Trust in conjunction with the local community and local land managers. These paths are popular with both the community and visitors. They cater for a range of activities and help land managers to manage access on their land.

The path around the golf course (UDE29) offers a good surface for people with pushchairs and wheelchairs. The Seven Bridges Walk (UDE28) is one of the most popular in the area and, along with a number of other paths, allow people to enjoy the natural heritage of the Park in a responsible way. The Deeside Way (UDE3) and the proposed path at UDE59 provide good off-road routes for a range of activities and abilities providing good links to Dinnet and Cambus O'May. The Cinder Path (UDE31) and pavement to the Craigendarroch (UDE60) are well used links within the community.

Ballater Proposed Core Paths	
Path Ref No	Path Name/Description
UDE3	The Deeside Way
UDE28	Seven Bridges Walk
UDE29	Golf Course Circular
UDE30	Craigendarroch Circular Walk
