The forum continues to be a valuable source of advice for CNPA but can now play a key role on developing and promoting responsible access and physical activity.

3. Tread Lightly in the Park: update

Adam Streeter-Smith presented an update to the CNPA Tread Lightly campaign. Feedback on draft fire management posters:

- 3.1 Posters showing alarming images of fire can increase anxiety amongst visitors to the outdoors.
- 3.2 Fires are not always started by visitors. Do estates need to create more fire breaks?
- 3.3 Like the poster split good/bad images
- 3.4 Advise people using stoves to use a stone surface or carry foil to place under stove.

Feedback on dogs:

- 3.5 Target responsible access messages on social media
- 3.6 Create and promote dog friendly walking routes.
- 3.7 Focus on green health aspect of dog walking. Physical activity benefits, therapists, borrow my doggy, dogs and sprogs, dog friendly cafes, amabassadogs etc.

Feedback on Leave no Trace

- 3.8 It's been 8 years since CNPA started the Tread Lightly campaign. Members agreed it's a more appropriate campaign than using 'Leave no Trace' as LNT allows fires in woodlands.
- 3.9 Target audience is residents and visitors

General feedback

- 3.10 Cyclists should be encouraged to be courteous to other path users. Potential to promote bells. Possible marketing giveaway (CNPA branded bike bells).
- 3.11 Raise awareness of access and healthcare benefits

4. Casework Update

4.1. DC discussed a recent quality improvement project with the access team

4.2. 90% of access issues and queries are resolved within 10 business days

- Reporting now split into 11 main issue types.
- 179 cases over the last year
- 15 obstruction cases have been logged. Mostly all minor issues which are being resolved through negotiation.
