Comment Details

Commenter Type: Neighbour

Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment: If the Planning authority is minded to approve this work, we would urge it to restrict any construction work to taking place outwith the nesting and breeding season for birds. The area of land is used by lapwings, curlews, oystercatchers, skylarks as well as other species, and it is important not to disrupt the breeding season.
