Comment Reasons:

Comment: We have been promised these houses and building plots for years. They will be an asset to the community, and local businesses. There is a severe shortage of housing in Nethybridge. No doubt some may be holiday homes. Nethybridge would not be the village it is now without tourists and indeed second homes. I don't believe just because people have managed to purchase a house in the village they should be able to stop a much needed development. I am sure most of the homes will be occupied and hopefully add to the school role.
