Environmental Report**

December 2015

Appendix I: Plans, Policies and Strategies

Appendices

Appendix I: Plans, Policies and Strategies

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
International Directives and Policies			
The Clean Air Policy Package (EC, 2013)	The package consists of a Clean Air Programme for Europe with air quality objectives for the period up to 2030, a revised National Emission Ceilings Directive (currently under review) with stricter national emission ceilings for the six main pollutants, and a proposal for a new Directive to reduce pollution from medium-sized combustion installations.	<ul style="list-style-type: none"> ➤ Air ➤ Water ➤ Soil ➤ Biodiversity, Fauna and Flora ➤ Population and Human Health 	The proposals of the Strategy should not adversely affect air quality.
Directive 91/676/EEC: Nitrates Directive	Requires member states to reduce water pollution caused or induced by nitrates from agricultural sources and to prevent further such pollution.	<ul style="list-style-type: none"> ➤ Water ➤ Biodiversity, Fauna and Flora 	Strategy should not increase water pollution caused or induced by nitrates from agricultural sources.
Directive 92/42/EC: The Conservation of Natural Habitats of Wild Fauna and Flora	Requires member states to sustain populations of naturally occurring flora and fauna by sustaining areas of habitats to maintain ecologically and scientifically sound levels.	<ul style="list-style-type: none"> ➤ Water ➤ Biodiversity, Fauna and Fauna ➤ Landscape and Cultural Heritage 	Strategy must ensure protection and enhancement of Natura Sites and protection of European Protected Species.
Directive 1999/31/EC:	The objective of the Directive is to prevent or reduce as far as possible negative effects on the environment,	<ul style="list-style-type: none"> ➤ Air ➤ Water 	Strategy should promote the waste hierarchy and work

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
Landfill of Waste Directive	in particular on surface water, groundwater, soil, air, and on human health from the landfilling of waste by introducing stringent technical requirements for waste and landfills.	<ul style="list-style-type: none"> ➤ Soil ➤ Material Assets ➤ Population and Human Health 	towards reducing landfill waste.
Directive 2000/60/EC: The Water Framework Directive	Requires member states to achieve good ecological status of inland water bodies, and develop integrated catchment management and river basin management plans.	<ul style="list-style-type: none"> ➤ Water ➤ Biodiversity, Fauna and Flora ➤ Landscape and Cultural Heritage 	Strategy should support protection and enhancement of the water environment.
Directive 2001/42/EC: Strategic Environmental Assessment Directive	Requires Strategic Environmental Assessments to be undertaken for plans, programmes and strategies with significant environmental effects.	<ul style="list-style-type: none"> ➤ All SEA Issues listed in Schedule 2 of the Environmental Assessment (Scotland) Act 2005 	Enables significant environmental effects of the Strategy to be identified and addressed.
Directive 2001/81/EC (NECD): National Emissions Ceiling Directive	Sets ceilings for each member state for emissions of ammonia, oxides of nitrogen, sulphur dioxide and volatile organic compounds.	<ul style="list-style-type: none"> ➤ Air ➤ Population and Human health 	Strategy should reflect the purpose of the Directive and should not adversely affect air quality.
Directive 2002/49/EC: Environmental Noise Directive	Aims to define a common approach intended to avoid, prevent or reduce on a prioritised basis the harmful effects, including annoyance, due to the exposure to environmental noise	<ul style="list-style-type: none"> ➤ Population and Human health 	Strategy should seek to ensure policies and developments do not result in negative health and wellbeing effects resulting from noise.

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
Directive 2006/7/EC: Bathing Water Directive	Aims to protect the public and the environment from faecal pollution at waters used for bathing by a large number of visitors.	<ul style="list-style-type: none"> ➤ Water ➤ Population and Human health 	Strategy should consider the contribution that actions could make towards the attainment of bathing water quality standards.
Directive 2006/113/EC: The Shellfish Waters Directive	Aims to protect or improve shellfish waters in order to support shellfish life and growth. It is designed to protect the aquatic habitat of bivalve and gastropod molluscs, which include oysters, mussels, cockles, scallops and clams.	<ul style="list-style-type: none"> ➤ Water ➤ Biodiversity, Fauna and Flora 	Strategy should seek to avoid negative effects on shellfish waters, which in the National Park context include Freshwater Pearl Mussel.
Directive 2006/118/EC: Groundwater Daughter Directive	Made under the Water Framework Directive, the Daughter Directive aims to prevent and limit inputs of pollutants to groundwater.	<ul style="list-style-type: none"> ➤ Water ➤ Soil ➤ Population and Human health 	Strategy should where possible contribute to the protection of groundwater resources.
Directive 2007/60/EC: Floods Directive	Requires member states to assess if all water courses and coast lines are at risk from flooding, to map the flood extent and assets and humans at risk in these areas and to take adequate and coordinated measures to reduce this flood risk	<ul style="list-style-type: none"> ➤ Climatic Factors ➤ Water ➤ Population and Human health 	Strategy should reduce and manage flood risk encouraging natural flood management approaches.
Directive 2008/50/EC: Ambient Air Quality and Cleaner Air for Europe	Establishes standards for air quality and sets limits for various pollutants.	<ul style="list-style-type: none"> ➤ Air ➤ Population and Human health 	Strategy should support measures that would improve air quality.
Directive 2008/98/EC:	The revised EU Waste Framework Directive	<ul style="list-style-type: none"> ➤ Material assets ➤ Population and 	Strategy should, if needed,

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
Waste Framework Directive	establishes the legislative framework for the handling of waste by member states.	Human health	provide a strategic context for waste management within the National Park.
Directive 2009/28/EC: Promotion of the use of energy from renewable sources	Establishes a common framework for the production of energy from renewable sources and the promotion of its use.	➤ Climatic factors	Strategy should seek to promote the development and use of appropriate renewable energy sources.
Directive 2009/147/EC on the Conservation of Wild Birds	Requires member states to sustain populations of naturally occurring wild birds by sustaining areas of habitats to maintain ecologically and scientifically sounds levels.	<ul style="list-style-type: none"> ➤ Water ➤ Biodiversity, Fauna and Flora ➤ Landscape and Cultural Heritage 	Strategy should support protection and enhancement of bird habitat through policies and targets.
European Charter for Regional or Minority Languages (European Council, 1992)	European Charter adopted under the auspices of the Council of Europe to protect and promote historical regional and minority languages in Europe. The charter identifies Gaelic as being an endangered language.	<ul style="list-style-type: none"> ➤ Landscape and Cultural heritage ➤ Population and Human health 	Strategy can support the Gaelic language by encouraging good design and placemaking.
European Framework for Sustainable Development (2001)	Promotes quality of life, coherent and cost effective policy making, technological innovation, stronger involvement of civil society and business in policy formulation. Strategies for sustainable economic growth should support social progress and respect	All SEA Issues listed in Schedule 2 of the Environmental Assessment (Scotland) Act 2005	The Strategy should support social progress and respect the local environment.

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
	the local environment.		
European Landscape Convention (2000)	Promotes the protection, management and planning of European landscapes and organises European co-operation on landscape issues	<ul style="list-style-type: none"> ➤ Biodiversity, Fauna and Flora ➤ Landscape and Cultural heritage ➤ Population and Human health 	Strategy should be a tool for the maintenance and restoration of landscapes and their natural habitats.
European Union Biodiversity Strategy to 2020 (2011)	Strategy aims to halt the loss of biodiversity and ecosystem services in the EU by 2020.	<ul style="list-style-type: none"> ➤ Biodiversity, Fauna and Flora 	Strategy should support conservation and enhancement of biodiversity.
European Union Climate Change Agreement 2007	EU member states agreed to cut greenhouse gas emissions by 20 per cent by 2020.	<ul style="list-style-type: none"> ➤ Climatic Factors 	Strategy should seek to promote the development and use of appropriate renewable energy sources and contribute to climate change mitigation.
European Union Common Agricultural Policy	Sets policy for agricultural support with increased emphasis on rural development support.	<ul style="list-style-type: none"> ➤ Landscape and Cultural Heritage ➤ Population and Human Health 	Strategy should recognise and provide for rural diversification of economic activities.
European Union Policy Framework for Climate and Energy (2020 to 2030)	A framework for EU climate and energy policies in the period from 2020 to 2030. At the heart of the 2030 framework is a 40 % reduction in greenhouse gas emissions by 2030.	<ul style="list-style-type: none"> ➤ Climatic Factors 	Strategy should seek to promote the development and use of appropriate renewable energy sources and contribute to

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
			climate change mitigation.
Kyoto Protocol (UNFCCC, 1997)	Protocol to the international Framework Convention on Climate Change Framework with the objective of reducing the Greenhouse gases that cause climate change.	➤ Climatic factors	Strategy should support measures that will reduce greenhouse gas emissions.
The Pan-European Biological and Landscape Diversity Strategy (Council of Europe, 1995)	The Strategy aims to reverse the decline of landscape and biological diversity, by promoting innovation and proactive policy making.	<ul style="list-style-type: none"> ➤ Biodiversity, Fauna and Flora ➤ Landscape and Cultural Heritage ➤ Population and Human health 	Strategy should support the Strategy by considering the contribution that actions could make to protecting biodiversity and landscapes.
Ramsar Convention on Wetlands of International Importance 1971	Requires conservation and wise use of wetlands.	<ul style="list-style-type: none"> ➤ Water ➤ Biodiversity, Fauna and Flora ➤ Landscape and Cultural Heritage 	Strategy should ensure the protection and enhancement of wetlands.
Sixth Environmental Action Programme of the European Community 1600/2002/EEC	Promotes Clean Air for Europe (CAFÉ), supports sustainable use of pesticides, conservation of the marine environment, soil protection, waste prevention and recycling as well as the sustainable use of natural resources.	All SEA Issues listed in Schedule 2 of the Environmental Assessment (Scotland) Act 2005	The Strategy should promote all forms of sustainable development.
Taking Sustainable Use of	A sector based strategy produced under the	➤ Climatic factors	Strategy should seek to minimise

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
Resources Forward: A thematic Strategy on the prevention and recycling of waste (EU 2005)	Environmental Action Programme.	<ul style="list-style-type: none"> ➤ Air ➤ Material assets 	waste and promote recycling.
Thematic Strategy for Soil Protection (EU 2006)	The Soil Thematic Strategy is seeking to establish common principles for the protection and sustainable use of soils.	<ul style="list-style-type: none"> ➤ Soil 	Strategy should contribute towards the protection and improvement of soil.
UN Convention on Biological Diversity (1992)	Key objective of the Convention is to develop national strategies for the conservation and sustainable use of biological diversity, which should be integrated across other policy sectors.	<ul style="list-style-type: none"> ➤ Biodiversity, Fauna and Flora 	Strategy should look for opportunities to conserve, and where possible restore, biodiversity.
UN Framework Convention on Climate Change (the Rio Earth Summit) 1992	Treaty aimed at reducing global emissions of greenhouse gases to combat global warming.	<ul style="list-style-type: none"> ➤ Climatic factors 	Strategy should assist in the reduction of greenhouse gas emissions.
National Legislation (UK and Scotland)			
Air Quality (Scotland) Regulations 2000 and Amendment 2002	Establishes standards for air quality and sets limits for various pollutants in Scotland.	<ul style="list-style-type: none"> ➤ Air ➤ Population and Human health 	Strategy should support measures that would improve air quality.
Ancient Monuments and Archaeological Areas Act	Prescribes the approach to be taken to planning for scheduled ancient monuments and archaeological	<ul style="list-style-type: none"> ➤ Landscape and Cultural heritage 	Strategy should ensure that scheduled ancient monuments

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
1979 (as amended by Historic Environment (Amendment) (Scotland) Act 2011)	areas.		and archaeological areas are not adversely affected by new development.
Climate Change Act 2008	The Act sets a statutory target for the UK as a whole to reduce greenhouse gas emissions by at least 80 per cent by 2050 and provides a framework for shared action. In Scotland, its targets are subsumed by the Climate Change (Scotland) Act 2009	➤ Climatic factors	Strategy should support and include climate change adaptation and mitigation measures.
Climate Change (Scotland) Act 2009	Outlines emission reduction targets, adaptation measures, and establishes duties on public bodies.	➤ Climatic factors	Strategy should support and include climate change adaptation and mitigation measures.
Conservation (Natural Habitats, &c) Regulations 1994 (as amended for Scotland)	These regulations relate to the designation of Natura sites, and provision of protection to various plant and animal species.	➤ Biodiversity, Fauna and Flora	Strategy should ensure that Natura 2000 sites are protected from loss or damage.
Environment Act 1995	The Act sets new standards for environmental management by National Parks and other statutory bodies.	All SEA Issues listed in Schedule 2 of the Environmental Assessment (Scotland) Act 2005	The CNPA must adhere to the standards set out in the Act.
Environmental Assessment	Requires Strategic Environmental Assessments to be	All SEA Issues listed in	Enables the significant

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
(Scotland) Act 2005	completed for plans, programmes and strategies likely to have significant environmental effects.	Schedule 2 of the Environmental Assessment (Scotland) Act 2005	environmental effects of the Strategy to be identified and addressed.
Environmental Impact Assessment (Forestry) (Scotland) Regulations 1999	Requires environmental impact assessments for certain forestry projects.	All SEA Issues listed in Schedule 2 of the Environmental Assessment (Scotland) Act 2005	The Strategy will be required to be compatible with Environmental Impact Assessments legislation.
Environmental Impact Assessment (Scotland) Regulations 2011	Requires environmental impact assessment of site specific projects and specifically requires consideration of Sensitive Areas including National Parks.	All SEA Issues listed in Schedule 2 of the Environmental Assessment (Scotland) Act 2005	The Strategy will be required to be compatible with Environmental Impact Assessments legislation.
Equality Act 2010	The Equality Act 2010 legally protects people from discrimination in the workplace and in wider society.	➤ Population and Human health	The Strategy should ensure that it does not result in individuals or groups with protected characteristics being discriminated against.
Flood Risk Management (Scotland) Act 2009	Establishes roles, responsibilities and requirements for sustainable flood management.	➤ Climatic Factors ➤ Water ➤ Population and	Strategy should support flood management, particularly natural flood management.

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
		Human health	
Gaelic Language (Scotland) Act 2005	The Act aims to secure Gaelic as an official language of Scotland, "commanding equal respect" with English	<ul style="list-style-type: none"> ➤ Landscape and Cultural heritage ➤ Population and Human health 	In its production the Strategy should meet the requirements of the Act and enable and other partners, including those not covered by the Act, to do the same.
Historic Environment Scotland Act 2014	Has the general function of investigating, caring for and promoting Scotland's historic environment.	<ul style="list-style-type: none"> ➤ Landscape and Cultural heritage 	Strategy should support the protection and preservation of the historic environment.
Housing (Scotland) Act 2014	Makes provision about housing, including provision about the abolition of the right to buy, social housing, the law affecting private housing, the regulation of letting agents and the licensing of sites for mobile homes.	<ul style="list-style-type: none"> ➤ Population and Human health 	Strategy should support the provision of housing, particularly affordable housing.
Land Reform (Scotland) Act 2003	Establishes right of responsible access to land and water.	<ul style="list-style-type: none"> ➤ Water ➤ Landscape and Cultural Heritage ➤ Biodiversity, Fauna and Flora ➤ Population and Human health 	Strategy can provide for and support responsible access.
National Parks (Scotland)	Specifies what a Park Authority can do and how it	All SEA Issues listed in	Establishes the aims of National

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
Act 2000	should be run, including a requirement to produce a National Park Plan.	Schedule 2 of the Environmental Assessment (Scotland) Act 2005	Parks. Provides direction on the functions and role of the National Park Authority.
Nature Conservation Act (Scotland) 2004	Act places duties on public bodies for conserving biodiversity, increases protection for Sites of Special Scientific Interest (SSSI), amends legislation on Nature Conservation Orders, provides for Land Management Orders for SSSIs and associated land, strengthens wildlife enforcement legislation, and requires the preparation of a Scottish Fossil Code.	<ul style="list-style-type: none"> ➤ Water ➤ Biodiversity, Fauna and Flora ➤ Landscape and Cultural Heritage 	Strategy should support conservation and enhancement of biodiversity.
Planning (Listed Buildings and Conservation Areas) (Scotland) Act 1997	Prescribes the approach to be taken in planning for listed buildings, conservation areas and designed landscapes and gardens.	<ul style="list-style-type: none"> ➤ Material Assets ➤ Landscape and Cultural heritage 	Strategy should ensure that listed buildings, conservation areas and designed landscapes and gardens are not adversely affected by new development.
Protection of Badgers Act 1992 (as amended)	Protects badgers	<ul style="list-style-type: none"> ➤ Biodiversity, Fauna and Flora 	Strategy should seek to protect badgers.
Sewage (Scotland) Act 1968	Along with the Water Industry (Scotland) Act 2002 this gives responsibilities to Scottish Water to manage the discharge of surface water that enters its drainage	<ul style="list-style-type: none"> ➤ Water ➤ Population and Human health 	Strategy should have regard to Scottish Water’s duties under this Act.

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
	systems (by providing sewers and public Sustainable Urban Drainage Systems (SUDs)) and to maintain water supplies and drainage infrastructure.		
Water Environment and Water Services (Scotland) Act 2003	Transposes the Water Framework Directive into Scots law.	<ul style="list-style-type: none"> ➤ Water ➤ Biodiversity, Fauna and Flora ➤ Landscape and Cultural Heritage ➤ Population and Human health 	Strategy should encourage improvements to the water environment and support measures for more efficient use of water.
Water Industry (Scotland) Act 2002	Along with the Sewage (Scotland) Act 1968 this gives responsibilities to Scottish Water to manage the discharge of surface water that enters its drainage systems (by providing sewers and public Sustainable Urban Drainage Systems (SUDs)) and to maintain water supplies and drainage infrastructure.	<ul style="list-style-type: none"> ➤ Water ➤ Population and Human health 	Strategy should have regard to Scottish Water’s duties under this Act.
Wildlife and Countryside Act 1981	Requires certain species to be protected.	<ul style="list-style-type: none"> ➤ Biodiversity, Fauna and Flora 	Strategy should support protected species.
Wildlife and Natural Environment (Scotland) Act 2011	Amends Wildlife and Countryside Act 1981, and seeks to modernise game law; abolish the designation ‘areas of special protection’; improve snaring practice; regulate invasive non-native species; change the licensing system for protected species; amend current arrangements for	<ul style="list-style-type: none"> ➤ Biodiversity, Fauna and Flora 	Strategy should support provisions of the Act.

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
	deer management and deer stalking; strengthen protection of badgers; change how muirburn can be practised; and make operational changes to the management of Sites of Scientific Interest; game law, use of shores, and invasive species legislation.		
National Policy (UK and Scotland)			
Air Quality Strategy for England, Scotland, Wales and Northern Ireland (2007)	Sets out objectives for eight air pollutants.	<ul style="list-style-type: none"> ➤ Air ➤ Population and Human health 	Strategy should encourage reductions in emissions through a range of measures.
A Policy on Architecture for Scotland (2001 updated in 2006)	Scottish Government Guidance 2001.	<ul style="list-style-type: none"> ➤ Landscape and Cultural heritage ➤ Population and Human health 	Strategy should support good design.
A Policy Statement for Scotland – Designing Places	Provides the policy context for important areas of planning policy and design guidance.	<ul style="list-style-type: none"> ➤ Landscape and Cultural heritage ➤ Population and Human health 	Strategy should support good design.
Changing Our Ways: Scotland’s Climate Change Programme	Demonstrates how Scotland will deliver carbon savings from devolved policy measures and reduce its vulnerability to the changing climate.	<ul style="list-style-type: none"> ➤ Climatic factors ➤ Population and Human health 	Strategy should encourage reductions in emissions through a range of measures.
Choosing our future:	Outlines a strategic framework for the Scottish	All SEA Issues listed in	Strategy should help deliver

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
Scotland's Sustainable Development Strategy	Government's strategies on climate change, transport, renewable energy, energy efficiency, green jobs and biodiversity.	Schedule 2 of the Environmental Assessment (Scotland) Act 2005	sustainable development.
Civil Contingencies Act 2004	Delivers a framework for civil protection in the UK and defines the responsibilities for responders to emergency which include (among others)	<ul style="list-style-type: none"> ➤ Material Assets ➤ Population and Human health 	Strategy should support the requirements of responders to fulfil their statutory duties.
Cleaner Air for Scotland – The Road to a Healthier Future (2015)	The national cross-government strategy that sets out how the Scottish Government and its partner organisations propose to reduce air pollution further to protect human health and fulfil Scotland's legal responsibilities as soon as possible.	<ul style="list-style-type: none"> ➤ Air ➤ Population and Human health 	Strategy should encourage reductions in emissions through a range of measures.
Climate Change: The UK Programme	Goal to reduce carbon emissions in the UK by 60% by 2050.	<ul style="list-style-type: none"> ➤ Climatic factors ➤ Air 	Strategy should encourage reductions in emissions through a range of measures.
Groundwater Protection Policy for Scotland (SEPA, 2009)	This policy aims to provide a sustainable future for Scotland's groundwater resources by protecting legitimate uses of groundwater and providing a common SEPA framework.	<ul style="list-style-type: none"> ➤ Water ➤ Soil 	Strategy should aim, where possible, to manage significant flood risk to groundwater from flooding related pollution.
Land Use Strategy for Scotland (2011)	Outlines strategy for achieving sustainable land use across Scotland and getting the best from the land of	All SEA Issues listed in Schedule 2 of the Environmental	Strategy can provide more specific direction on the National Land Use Strategy and can be

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
	Scotland.	Assessment (Scotland) Act 2005	implemented at a regional level.
Managing Change in the Historic Environment Guidance Notes	Series of guidance notes which are designed to support the Scottish Historic Environment Policy (SHEP) and Scottish Planning Policy.	➤ Landscape and Cultural heritage	Guidance for policy development on the management of the historic environment.
National Planning Framework 3 (2014)	A long term strategy for Scotland that provides the spatial expression of the Government’s Economic Strategy and plans for the development and investment in infrastructure.	All SEA Issues listed in Schedule 2 of the Environmental Assessment (Scotland) Act 2005	Provides strategic context for future regional change around the Park.
Scotland Policy on Control of Woodland Removal	Sets out Scottish Ministers policy on woodland removal	➤ Climatic Factors ➤ Water ➤ Soil ➤ Biodiversity, Fauna and Flora ➤ Landscape and Cultural Heritage	Strategy should support the policy
Scotland River Basin Management Plan (2009)	Fulfils a requirement under the EU Water Framework Directive. Draft plans for the second cycle are currently undergoing public consultation.	➤ Water ➤ Soil ➤ Biodiversity, Fauna and Flora	Includes management objectives for water bodies in the National Park which the Strategy should take account of.
Scotland Rural	Sets goals for sustainable rural development and the	All SEA Issues listed in	Strategy can provide more

		Act 2005	appropriate in the Park.
Scottish Government Purpose	The Scottish Government's purpose is to secure sustainable economic growth for Scotland. All the public sector should be working to the purpose.	All SEA Issues listed in Schedule 2 of the Environmental Assessment (Scotland) Act 2005	The Strategy should support the delivery of sustainable economic growth in the context of the Strategy and its special qualities and management needs.
Scottish Historic Environment Policy (2011)	Outlines Scottish Ministers' policies on the historic environment, and supersedes the policy elements in 'Passed to the Future'.	➤ Landscape and Cultural heritage	Strategy should follow the guidance for policy development on the management of the historic environment.
Scottish Planning Policy (2014)	National planning policy and guidance covering a range of topics relevant to the Local Development Plan.	All SEA Issues listed in Schedule 2 of the Environmental Assessment (Scotland) Act 2005	In its spatial proposals, the Strategy will need to meet the requirements set out within Scottish Planning Policy.
Scottish Soil Framework 2009	Ministers policies and objectives for the conservation and use of soils.	<ul style="list-style-type: none"> ➤ Climatic Factors ➤ Water ➤ Soil ➤ Material Assets ➤ Biodiversity, Fauna and Flora ➤ Landscape and Cultural Heritage 	Strategy should promote soil conservation.

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
		<ul style="list-style-type: none"> ➤ Population and Human health 	
Scottish Water Business Plan 2015 - 2021	The business plan sets out how Scottish Water will deliver improvements to drinking water quality, the environment and customer service required by Scottish Ministers.	<ul style="list-style-type: none"> ➤ Water ➤ Population and Human health 	Strategy should be developed with regard to the objectives and actions proposed in the Business Plan.
Scottish Zero Waste Plan (2010)	Provides context for waste planning in Scotland.	<ul style="list-style-type: none"> ➤ Climatic Factors ➤ Soil ➤ Material assets ➤ Population and Human health 	Directs the Strategy to secure zero waste in new development through support for waste management and good design.
Tourism Scotland 2020 – A Strategy for Leadership and Growth	The strategy targets those markets that offer Scotland the greatest growth potential, provides collaboration within and across Scotland’s tourism destinations and develops the authentic memorable experiences tourists seek.	<ul style="list-style-type: none"> ➤ Landscape and Cultural Heritage ➤ Population and Human health 	Strategy should support development of sustainable tourism to contribute to national targets for tourism growth.
UK Geodiversity Action Plan	The Action Plan provides a framework in which actions for geodiversity can be captured in one place, allowing a range of organisations, groups and individuals to demonstrate their achievements in a UK-wide context	<ul style="list-style-type: none"> ➤ Material Assets ➤ Biodiversity, Fauna and Flora ➤ Landscape and Cultural Heritage 	The CNPA is a signatory to the Scottish Geodiversity Charter and therefore the Strategy should, where appropriate, include actions to help promote and protect the area’s geodiversity.

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
UK Post-2010 Biodiversity Framework 2011 – 2020	The Framework sets out the common purpose and shared priorities of the UK and Scotland for the management of the environment as a whole.	<ul style="list-style-type: none"> ➤ Water ➤ Biodiversity, Fauna and Flora ➤ Landscape and Cultural Heritage 	Strategy should reflect the purpose of the Framework through support for the Cairngorms Nature Action Plan 2013 - 2018.
Local Plans and Strategies			
A9 Duelling Strategy	The project involves the upgrade of 80 miles of single carriageway along the A9 between Perth and Inverness by 2025.	All SEA Issues listed in Schedule 2 of the Environmental Assessment (Scotland) Act 2005	The Strategy will need to consider the effects of the duelling on the aims of the area and how this will influence the spatial priorities of the CNPA.
Cairngorms National Park Capercaillie Framework 2015	Provides a set of working data, analysis and recommendations that will inform implementation across a wide spectrum of work, from habitat and species management, to recreation management and development planning.	<ul style="list-style-type: none"> ➤ Biodiversity, Fauna and Flora 	Strategy should support the aims of the Framework and ensure that Capercaillie and their habitat are not adversely affected by management and planning decisions.
Cairngorms National Park Core Paths Plan 2015	Identifies a network of core paths throughout the National Park.	<ul style="list-style-type: none"> ➤ Biodiversity, Fauna and Flora ➤ Population and Human health 	Strategy should support the promotion and development of core paths.
Cairngorms National Park	A framework for managing landscape change in the	<ul style="list-style-type: none"> ➤ Landscape and 	Strategy will use this to guide

Relevant PPS	Relevant Objectives/Purpose	SEA Issue / Topic	Relationship between the PPS and the Cairngorm and Glenmore Strategy
