Do you agree with the preferred site options?

Yes.

Comments on Preferred Sites

THC016 – We would like to support the allocation for economic development on site THC016. The applicant is keen to preserve the economic use of the site to ensure further benefit can be brought to the community in due course. An allocation is therefore supported to preserve the use of the site for economic development and employment uses. It is noted that flooding remains a concern in Dalwhinnie, but the applicant would be willing to work with SEPA to attempt to resolve this position.
