

TO: Cairngorms National Park Authority
14 The Square
Grantown-on-Spey
PH26 3HG

Dear Sirs

I am writing in my capacity as Chair of the Mount Blair Community Development Trust (MBCDT) with regard to the Cairngorms National Park Local Development Plan 2020: Main Issues Report and the invitation to respond to this consultation.

The Trust would like to apologise for late arrival of this response: this matter was due to be discussed at our Board Meeting last week which would have allowed us time to respond before Friday 2nd March but, like so many other things, the meeting fell victim to the adverse weather. However, the MBCDT Board of Directors met yesterday and were able to discuss and agree the following response:

- MBCDT are particularly keen to encourage and support the advancement of sustainable developments such as tourism
- MBCDT would strongly endorse the promotion and encouragement of such developments along the 'Snow Road' route which would include the whole of Glenshee and the Spittal of Glenshee area
- MBCDT would vigorously encourage economic development based around super-fast broadband roll-out and the benefits this can bring to communities and businesses

The Trust looks forward to further developments with regard to the Local Development Plan and would welcome the opportunity for further discussion at any time.

Yours Sincerely

Liz Mallinson

Liz Mallinson

Chair: Mount Blair Community Development Trust
