Subject: MAIN ISSUES REPORT, MR. & MRS. ANDERSON, THE SCHOOLHOUSE, INSH,
EXTENSION OF BOUNDARY

Dear Mr. Harris,

MAIN ISSUES REPORT
MR. & MRS. ANDERSON,
THE SCHOOL HOUSE, INSH, KINGUSSIE
EXTENSION OF BOUNDARY

Mr & Mrs. Anderson have lived at the School House for over 30 years. They are now retired and are looking to the future when they will be elderly and perhaps less mobile. Extending the current Insh boundary beside the school house to include their land would not be detrimental to the village. For the boundary to extend to the track leading down to the RSPB would make a more natural boundary. Any potential building in the future would be below road level and therefore not spoiling any outlook.

We fully support the extension of the boundary to include their land.

Yours sincerely,
JOHN GIBBONS
