

Lesley Dudgeon.

Affordable homes must be priced for the folk who live and work in the valley and reflect the wages on our doorstep.

Affordable Housing is usually sandwiched between 2 busy roads OR built on top of each other.

Kincraig has been downsized over the years.

Zero hour contracts are rife in this area so many housing deals are not suitable. (like shared ownership)

The latest development in Kincraig was Ardgeal - that was not affordable!

Housing needs to be a priority.....
