Page 9: Main Policy Issue 4: Housing

Q22 A) How much new housing do we need and where should it be built? Do you agree with our proposed Housing Supply Targets for the next Local Development Plan? **Yes**

Q23 Do you agree that the proposed Housing Land Requirements are sufficiently generous? **Yes**

Q24 Do you agree with our overall conclusions about the need for additional new housing sites in the new Local Development Plan? **No**

Q25 Please explain your answers here:

H1 too large - existing village infrastructure inadequate for 250 new homes e.g. sewage, shops, emergency/medical provisions. It is likely to meet with much opposition given the demographic of the community.

'Drip-feed development would be much more acceptable, as it would be easier integrated into the existing community.

I struggle to see need for 250 houses when the report states that "existing housing sites can be expected to deliver enough new homes to meet the bulk of the Park's housing needs. Why the need for up to 250 new homes in Ballater when the proposed housing supply target for the whole of Aberdeenshire till 2029 is 154.

The nature of Ballater community should also be borne in mind. There is very little in the way of leisure or entertainment facilities, (other than self-generated), and for many this would not provide an attractive proposition as a permanent location.

Q26 B) Housing growth in Aviemore Do you agree that we should include long-term development land in the Local Development Plan which could be released for development in the event that An Camas Mòr does not progress as envisaged? **Respondent skipped this question**

Q28 What would you like to do next?

Answer questions on another main policy issue

Page 10: Main Policy Issue 5: The affordability of housing

Q29 Do you agree that we should increase the affordable housing requirement to 35% in Ballater and Braemar, and to 45% in Aviemore and Blair Atholl? **No**

Q30 Do you agree that we should include policies to require a greater mix of house types and sizes, including more smaller homes? **Yes**

Q31 Please explain your answers here:

While there is, in general, obviously a need for more low cost housing, I think this need should be addressed by requiring builders to provide a greater mix of housing including many more smaller homes. This would give more options to local people to have their own home and also alleviate some of the natural concerns of existing residents over potentially having a sizeable influx of social housing tenants from outside the local area, some of whom, not appreciating the type of environment they are coming to, may find difficulty in adapting to and enjoying the lifestyle of the community that currently exists.

I also feel very strongly that it should be less financially attractive to purchase small, rural homes as second homes, as this deprives local people the option to live in these houses.

Q63 Do you agree with the protected open spaces? No

Q64 Do you agree with the proposed settlement boundary? Respondent skipped this question

Q65 Explain your answers here:

I think that AB017 should be allocated for housing. It would still leave H1 as open space, and would effectively be infill. It has been said that AB017 is 'not preferred' so as to leave an open view to Monaltrie House.

Monaltrie House cannot be seen at present other than from the Cinder Path and the A93.

If more land is required for housing over and above AB017 then could we not consider adding a portion of the east end of H1 and linking it south to the A93 thus enclosing a larger green, leisure space, (perhaps with a small lake to assist natural drainage), which would provide a pleasant, communal recreational/relaxation park area for those who are not fit enough to walk in the hills.
