Q2 Please explain your answer

can,t say yes or no as I have disagreed with a few of the issues.

Q3 Do you agree with our conclusions about the changes that need to be made to policies in the existing Local Development Plan? **Respondent skipped this question**

Q4 Do you think any other changes are needed? **Respondent skipped this question**

Page 6: Main Policy Issue 1: Over-arching development strategy

Q11 Do you agree that the overall development strategy of the current Local Development Plan remains appropriate, and that we should use this as the basis for the next Local Development Plan?

Respondent skipped this question

Q12 Please explain your answer here:

Respondent skipped this question

Q13 What would you like to do next?

Answer questions on another main policy issue

Page 7: Main Policy Issue 2: Designing great places

Q14 Do you agree that the new Local Development Plan should include a new policy requiring development proposals to show how they meet the six qualities of successful places?

Yes

Q15 Do you agree that we should include a clearer policy in the new Local Development Plan to set out when tools such as master plans and development briefs will be used?

Yes

Q16 Please explain your answers here:

Under 'easy to move around and beyond' talks about prioritising needs of people over motor vehicles - this should apply to any dev. in Carr Road ie. H1 where the road is unsuitable for building traffic and additional vehicle traffic incurred by building d 72 houses. Also as Carrbridge is full to capacity with six housing developments and 1 due to be constructed in the past few years the needs of the people should be listened to and no more housing development.

Q17 What would you like to do next?

Answer questions on another main policy issue

Page 8: Main Policy Issue 3: Impacts and opportunities from the A9 and Highland Main Line upgrades

Q18 Do you agree with our proposals to allocate new employment land to take advantage of the opportunities for inward investment associated with the A9 and rail upgrades?

No

Q19 Do you agree that we should seek to support those communities that are at risk of being by-passed by the A9 dualling project? **No**

Q20 Please explain your answers here:

Although the old Sawmill land seems an attractive site for inward investment, the access road from the village would not be suitable especially as it would be through a residential area and congestion at the 'old bridge' is dire not to mention the volume of vehicle traffic including HGVs through the village is increasing daily.

Q21 What would you like to do next?

Answer questions on another main policy issue

Page 9: Main Policy Issue 4: Housing

Q22 A) How much new housing do we need and where should it be built? Do you agree with our proposed Housing Supply Targets for the next Local Development Plan? **No**

Q23 Do you agree that the proposed Housing Land Requirements are sufficiently generous? **No**

Q24 Do you agree with our overall conclusions about the need for additional new housing sites in the new Local Development Plan? **No**

Q25 Please explain your answers here:

H1 in Carrbridge if not developed by 2020 should revert to agricultural use or be made into a green space never to be built upon. As we have a 25/26 housing development due to be built in Carrbridge there will be no need for further housing.

Q26 B) Housing growth in Aviemore Do you agree that we should include long-term development land in the Local Development Plan which could be released for development in the event that An Camas Mòr does not progress as envisaged? **Respondent skipped this question**

Q27 Please explain your answer here: **Respondent skipped this question**

Q28 What would you like to do next? **Answer questions on another main policy issue**

Page 10: Main Policy Issue 5: The affordability of housing

Q29 Do you agree that we should increase the affordable housing requirement to 35% in Ballater and Braemar, and to 45% in Aviemore and Blair Atholl? **Respondent skipped this question**

Q30 Do you agree that we should include policies to require a greater mix of house types and sizes, including more smaller homes? **Yes**

Q31 Please explain your answers here:

Smaller homes would help the older generation in Carrbridge who may find their too large and would like to downsize. Smaller houses would also help the younger generation to buy provided if not inflated prices. ie. £125,000 to £140,000 NOT £160,000 as devopers suggest.
Smaller houses may not be suitable for holiday homes.

Q32 What would you like to do next? **Answer questions on another main policy issue**

Page 11: Main Policy Issue 6: Economic Development

Q33 Do you agree that the new Local Development Plan should identify a limited number of new economic development sites? **No**

Q34 Please explain your answer here:

Carrbridge should be allowed to remain a village with no more housing etc as we are now at capacity with 6 major housing developments over the last 30 years , plus numerous individual developments .and as such any enomic dev sites would also not be suitable.

Q35 What would you like to do next? **Answer questions on another main policy issue**

Page 12: Main Policy Issue 7: Impacts on Natura designations

Q36 Do you agree that the new Local Development Plan should include a more co-ordinated approach towards delivering wider packages of capercaillie mitigation and conservation measures? **Yes**

Q37 Please explain your answer here:

The outdoors and wildlife are part and parcel of the Nat Park area. Tourists and locals alike come to enjoy this along with the hills, rivers, forests etc bringing money and work to the area.

Q38 What would you like to do next?

Answer questions on another main policy issue

Page 13: Main Policy Issue 8: Planning obligations

Q39 Do you agree that the new Local Development Plan should include a revised and more rigorously justified policy on planning obligations? **Yes**

Q40 Do you agree that this should be supported by more specific guidance in the plan about what planning obligations will be required in different settlements/locations? **Yes**

Q112 Do you agree with the protected open spaces? **No**

Q113 Do you agree with the proposed settlement boundary? **No**

Q114 Explain your answers here:

THC 0303 & THC 069 not suitable for economic dev. see Main issue 3.

THC 068 and THC 067 are outwith the boundary therefore should not be considered for housing or economic dev., to agree to this makes a mockery of having a boundary, as we have been told by the Nat Park on many occasions that any development outwith the boundary makes it more difficult to get planning permission. [is this still the case?]

Don't agree with H1 or ED2 . Neither should be used for housing or economic development.

proposed settlement boundary should take out H1 thereby making it more difficult for developers to build upon. TH057 is also beyond the development boundary and again not be developed.

Q208 If you have any other general comments on the topics you think the Local Development Plan 2020 should address, please let us know here:

This has been a horrendous form to fill in and I feel that if this is done again, a meeting should be held and each question be explained by a member of the Nat. Park as it has been time consuming and at times hard to decide what to do whereas someone to clarify issues would be a great help.
