Page 2: Local Development in the Cairngorms National Park

Q1 We propose to use the vision and long term outcomes set out in the Cairngorms National Park Partnership Plan as the 'vision statement' for the Local Development Plan. Do you agree with this approach? **No**

Q2 Please explain your answer

The presumptions of the plan are contrary to the primary aim of a national park which should be for the preservation of the landscape and its ecosystem. There should be no development plan but a conservation plan.

Q4 Do you think any other changes are needed? **Yes**

Q5 Please explain your answer

There should be no further development outwith the existing settlements. There should be a return to one and a half storey building in local materials.

Q188 Explain your answers here:

The proposed site THC001 is outwith the village. A ribbon of development is appearing all along the B970 which is unsightly and serves as a barrier to the movement of wildlife. The key to the aerial picture is strategically placed over the crofter's caravan which will no doubt soon be a development site, also beyond the village boundary. This crofter could construct on his own land within the village.

Q208 If you have any other general comments on the topics you think the Local Development Plan 2020 should address, please let us know here:

The number of second homes is a burden as well as a boon. The number could be restricted by increases in council tax which would help the hard pressed services for the resident population and increase the supply of housing to the local population.
