## Page 2: Local Development in the Cairngorms National Park

**Q1** We propose to use the vision and long term outcomes set out in the Cairngorms National Park Partnership Plan as the 'vision statement' for the Local Development Plan. Do you agree with this approach? **No**

**Q2** Please explain your answer

CNPA dont always reflect the views of residents and businesses in CNP area. They have difficulty disseminating their decisions, ideas and information in a meaningful way to people of all stratum who live and work in the CNP.  
 CNPA are good at promoting their own exclusive and sometimes disconnected policies....but fail to excite the people who make the Park tick.  
 CNPA is a business, a promoting agency and also a Scottish safeguard to the Scottishness of this area...not a Park for a load of business people to come in and make a load of money and not invest it back into the infrastructure of CNPA and its WELLBEING.

**Q3** Do you agree with our conclusions about the changes that need to be made to policies in the existing Local Development Plan? **Yes**

**Q4** Do you think any other changes are needed? **Yes**

**Q5** Please explain your answer

Personally I am fed up with countless Land Development Plans....which are produced at great expense and time, slowly disappear into the fog and are they revamped again at great expense and size with very little progress and benefit to local communities....to again count for little sustainable development

Page 11: Main Policy Issue 6: Economic Development

**Q33** Do you agree that the new Local Development Plan should identify a limited number of new economic development sites? **Yes**

---

**Q34** Please explain your answer here:

In consultation with existing enterprises...ie farming, agriculture, forestry, sympathetic land use and local communities.

Local communities may be old fashioned but they are communities.

Who would want the CNPA to become a "playground" for some and for part of the year with little regard for the long lasting effects of wild economic slash and burn??

Page 13: Main Policy Issue 8: Planning obligations

**Q39** Do you agree that the new Local Development Plan should include a revised and more rigorously justified policy on planning obligations?

**Yes**

---

**Q40** Do you agree that this should be supported by more specific guidance in the plan about what planning obligations will be required in different settlements/locations?

**Yes**

---

**Q41** Please explain your answers here:

It is essential the development of CNPA is monitored closely and constantly safeguarding the nature of this area. Exploitation for sake of tourism and exploitation of area's resources for temporary gain is not justifiable.

North 500 and Snow Road are examples of interference of the balance of sustainability in an area of easily lost beauty and wildness not found elsewhere in the world.

**Q72** Explain your answers here:

Right issues for Grantown ....yes and no!!

Hospital/palliative care needs addressed.

Utilisation of empty commercial premises for sympathetic affordable housing ( Electricity Showroom/ Strathspey Hotel/ Ritchies outdoor shop, Coppice Hotel, etc)

Strathspey Railway extension should be reviewed and sited near roundabout on southern exit of Grantown. More area available, better facility to take passengers into town, more visible position for terminal, less expensive,

Is there actually a demand for allotments in Grantown? Some of the houses with big back gardens could open their spaces up for this type of development and enterprise??

If Grantown is going to have "protected open spaces" they have to be managed, maintained and on someone's agenda....not abandoned as they are at present and left to go into litter strewn no-go areas!!

Good luck with this consultation...I will be pleased to see some if not a lot of investment in the existing small community areas. Let's hope this consultation collects power and energy and not wither away to little effect.
