Hi Katie,

Thank you for your helpful email. I am attaching a map that clearly shows the boundaries of the existing Caravan Park and the proposed new development. CNPA are already aware of this proposal and I feel sure there will be information regarding it in your files. It is our intention to progress the planning on this during the summer months and it would be extremely helpful if the area of land as shown on the plan could be incorporated into the local plan.

The area of land, as shown on map, is under our ownership. If you need any further information please do not hesitate to email. If you wish to discuss in person, on site then please contact my son and business partner, [REDACTED]

Kind Regards

Sandra

Dear Sandra,

Many thanks for email.

If you would like to propose a site allocation in the next Local Development Plan, you can just email us explaining what you wish to be included, what it's for and why (We do have an online portal for submitting comments but an email in this case would be fine). We would appreciate as much information as possible to help us understand what you are proposing.

Whilst I appreciate you are away, it would be very helpful for us if you are able to send us a map of with the area you wish to be included outlined. This does not have to be formal, it could even just drawn on the map you attached. I'm not sure when you get back but if you are able to send us some form of map within the next couple of weeks that would be appreciated.

Kind Regards

Katie

**Subject:** Local Plan

Hi Katherine,

I am not in UK at present or I would call you to meet up.

Can you tell me if there is anything we can do to ensure that our potential future development land is included in the local plan boundary?

It's the land behind the label "THC040" on attached map.

Look forward to hearing from you when you get a chance.

Kind Regards

Sandra McKelvie
