Dear Gavin

My husband and I are the owners of [REDACTED], Lochan Mor, Aviemore and we understand that a change of planning designation has been requested for the open playing field site on the estate.

Our property overlooks the playing field so I can confirm that the area is very well used by children playing a variety of sports, people exercising with their dogs and family activities. These are both visiting individuals and local people from the Lochan Mor and neighbouring housing estate. I am not aware of any other alternative facility of suitable size within Aviemore for people to carry out such activities without having to arrange booking in advance.

With regard to the possibility of the potential change to use to allow new Community facilities – there is already a modern and accessible Community Centre and sports fields within the new primary school complex. I personally do not see the need for other identical facilities. There are also other similar facilities for hire e.g. the ATC Hall, Scout Hall, McDonalds.

I wish to make it known that I object to the proposal, and would ask the change of use be rejected by the planning committee.

Yours sincerely

Susan Barr
