Subject: Frank Spaven Drive re zone

Sensitivity: Normal

As a resident at [REDACTED] Lochan Mor. I am writing to lodge my objection to the proposed re zone of the open space at Frank Spaven Road

This community area is well utilised and with the increase in properties in the area is valued by the community. To take this away in a National Park would be a loss. I purchased the property 11 years ago in the knowledge that this space was planned to be kept as an amenity. Any thought of buildings or car parking would detract from the feel of the development

Regards
