Q61 Please state clearly which policy, settlement, site reference number, paragraph number etc. your comment relates to.

Strategic settlements, Grantown on Spey, page 112, Woodlands Industrial Estate

Q62 What is your comment on this section of the Plan? (Your comment should not exceed 2,000 words)

This industrial estate is poorly maintained and serviced. With an unmade road that floods, ices over during the winter, it is unfit for further development. The telephone/internet wiring is old and poorly maintained, and fails regularly. There is no access to high speed internet, and is not fit for purpose.

Q63 Please state clearly what change/s you wish to see made to the Plan to address your comment.(Your comment should not exceed 2,000 words)

Proposals for further development would require road maintenance and access to be addressed. Further development should not be considered until there is decent telephone and internet service provision to enable the success of economic activity.

Intermediate Settlements, page 158, Dulnain Bridge, paragraph 1, Settlement Objective 3, Planning Obligations

Q94 What is your comment on this section of the Plan? (Your comment should not exceed 2,000 words)

The Plan states there is a shop in Dulnain Bridge. This is incorrect. There is no shop in Dulnain Bridge. There is a post office that offers only post office services. It is not possible to make any purchases other than postage stamps in Dulnain Bridge. There is no current opportunity for safe active travel within or to/from Dulnain Bridge despite this being the most requested service on community surveys over the past 10+ years. The local community is currently volunteering time in an attempt to address this, but the CNPA must consider the isolated nature of the village, especially considering the likely increase in family dwellings and associated need to access schools.

More investment into leisure provision within the village, rather than creating more funding for the monopoly that Highlife Highland has on funded leisure provision, which can only be accessed by car.

There is no mention of internet services, which are currently relatively poor. Sharing the broadband with a larger number of homes will diminish the quality of the current service unless there is further investment.

Q95 Please state clearly what change/s you wish to see made to the Plan to address your comment. (Your comment should not exceed 2,000 words)

Consideration of financial investment into services
