

# Cairngorms National Park Proposed Local Development Plan 2020 Representation Form

## Introduction

The Proposed Local Development Plan (the Plan) sets out a strategy for future development in the National Park. It includes sites and proposals for development as well as the policies that will be used to make decisions on applications for planning permission. We aim to formally adopt the Plan in 2020 when the current Local Development Plan 2015 comes to an end. The Plan focuses on the five year period until 2025. It also includes development proposals for the 10 year period until 2030, as well as providing a general indication of the likely scale and location of development as far as 20 years into the future.

## Your comments

### 1. Which section of the Plan would you like to comment on?

(Please state clearly which policy, settlement, site reference number, paragraph number etc. your comment relates to)

Kingussie H.I. Myriston Page 118 proposals

### 2. What is your comment on this section of the Plan?

(Your comment should not exceed 2,000 words plus limited supporting material, please use a separate continuation sheet if necessary)

1. It states that H.I. has p.p.p. for 300 dwellings. My understanding is that it was for up to 300 dwellings, but that for the absence of any doubt, the actual number was likely to be significantly less.
2. Page 117: Developer Obligations. As stated prior to P.P.P. being granted, the medical centre in Kingussie is already at capacity. Monies ought to be payable which would allow them to improve their facilities.
3. Page 120: T.1: Why is St. Vincent's hospital & grounds not zoned for community use? When it eventually closes, the most likely outcome is that it will be purchased with a view to residential development of the type which is not needed, i.e. large luxury villas.

### 3. Please state clearly what change/s you wish to see made to the Plan to address your comment

(Please use a separate continuation sheet if necessary)

1. Change as per wording "up to 300"
2. Contribution to Kingussie Medical Centre extension/improvement
3. Section T.1: to include St. Vincent's Hospital & grounds for community use.

The town does need affordable/rented accommodation for local people. It also needs small start-up type industrial units.
