**Q58** What is your comment on this section of the Plan? (Your comment should not exceed 2,000 words)

I fully support the proposal for first phase of 50 houses with suitable percentage at low cost, Ballater does not need anymore holiday homes. The proposed plan for a final total of 250 new homes is ludicrous to say the least, there is not work opportunities to support that influx of residents. You in theory could also be increasing the population of the existing village by up to 40%. Ballater in the past has absorbed change at manageable rates, this would be far to big a change. Residents have also heard thrum the grapevine that you proposes to build the main access road thou the existing Monaltrie Park, the residents of the village will never accept this. You would be destroying the only safe recreational area that exists for miles around. You would be increasing the traffic flow (heavy vehicles and works vans during construction) past the village surgery and access road to the Primary School, not to mention a significant increase to the already congested village centre. There already exists an access route via Craigview. This has been used in the past and keeps traffic away from my above mentioned problem areas. You could just as easily build a new access route just east of the existing Pannanich development. Extending the 30 mile limit to include this road would ensure safe access/egress of vehicles. Morven Way is also another option. Summing up, any plan to build a road thru Monaltrie Park is both ludicrous and unnecessary.
