Page 18: Ballater

Q57 Please state clearly which policy, settlement, site reference number, paragraph number etc. your comment relates to.

Proposal for development at H1: Monaltrie Park, Ballater (Housing)

Q58 What is your comment on this section of the Plan? (Your comment should not exceed 2,000 words)

The area between the back Monaltrie Close and Monaltrie House is a nature reserve field. It is a dedicated sustainable area of agriculture and as such should not be built upon. The remainder of the H1 plot directly beside Monaltrie Park is also on a flood plain, which sees it regularly under water in bad weather and was significantly affected during the winter of 2015 when Ballater was flooded. Ballater does not have the infrastructure for 250 more houses - this is a small village that has already been extended to its capacity. There are already insufficient jobs in the village to cater for the people that reside here - let alone another 250 property in habitants. Additionally we already attract an exceptional amount of tourism (in fact that is the main income to the village). Additionally the Highland Games is the highest tourism attraction of the year with nearby parking for those with disabilities or movement issues being critical to the success of the event, with the car-parking requirements having increased year on year - so to move further away from the field would have a critical affect to the numbers of tourist attending as there is not sufficient parking elsewhere in the village to accommodate the requirement of the Games.

Q59 Please state clearly what change/s you wish to see made to the Plan to address your comment.(Your comment should not exceed 2,000 words)

Absolutely NO houses to be built within the nature reserve field between Monaltrie House, the back of Monaltrie Close and the Cinder Path. Consideration of either no build beside Monaltrie Park, or a significant reduction of houses within this area to allow for parking at the Highland Games to continue within the adjacent field - but ideally to leave the infrastructure of the village as it stands, as it simply cannot and should not expand beyond it's existing capacity or we will lose the important local community element of the village and will result in higher unemployment within the village as more people vie for jobs that are already non-existent, especially in the winter when the tourism boom reduces significantly.

Q60 Would you like to comment on another section of the Plan? **No**
