**Q38** What is your comment on this section of the Plan? (Your comment should not exceed 2,000 words)

The Core Paths Plan shows path C22 in the Central Cairngorms, which crosses Geldie Burn via a ford. Long ago there was a footbridge which was destroyed by a flood. This crossing is of central importance to walkers crossing the Park, and who may find the Geldie Burn in spate and impossible to cross safely, requiring an arduous detour.

This is the only major river in Cairngorms National Park without a safe bridge. All other river crossings may require a detour to find a safe bridge, for example the Luibeg, or the Fords of Avon, but walkers can escape from unexpected bad conditions.

The Geldie Burn crossing is important in linking together some major through routes, for example Blair Athol to Aviemore or Braemar.

This consultation might not be the best place to make these representations, but they need to be made somewhere!
