New housing site H1, Carr Road, Carrbridge

Proposed Local Development Plan 2019

Q86 What is your comment on this section of the Plan? (Your comment should not exceed 2,000 words)

Whilst I agree that new housing, particularly affordable, is required in Carrbridge, the proposed number /density of houses on site H1 is completely unacceptable due to the following; Carr road is simply not wide enough to accommodate the additional traffic, whilst remaining safe for pedestrians and cyclists. There is no safe route to school from the site, even if a shortcut footpath were to be created to the school, it would not help the existing households of Carr road. The width of Carr road does not meet local authority standards for a new road of this type, there is no pavement and no space to put one. Building works traffic over 10-15 years will make the road even more dangerous for all. This could be overcome by building a new access road from H1 into the back of the village carpark so bypassing most of the old road. If it's a flood plain just raise the level of the new road, I would question if that area has ever flooded.

Q87 Please state clearly what change/s you wish to see made to the Plan to address your comment.(Your comment should not exceed 2,000 words)

Reduce the number of houses permitted on the site, and build a new access road that bypasses Carr Road, and comes out into the village carpark
