Subject: CNP Local Development Plan 2020 - Proposed Plan Public Consultation

Sensitivity: Normal

I am emailing on behalf of the Inveresk Community Council in Angus. We have only one comment to make, which is relevant to both Policy 1 and Policy 3 of the proposed CNP Local Development Plan 2020. We would ask that the merits of Straw Bale buildings be kept in mind. They are cheap to construct, heat-retentive and energy-efficient, and can be disguised with timber cladding. As a form of provision of affordable housing they have a great deal to offer.

Regards

Patrick Ford
