Q9 Please state clearly which policy, settlement, site reference number, paragraph number etc. your comment relates to.

Policy 1 New Housing development
Policy 1.2 (b) housing development in existing rural groups
Policy 1.5 Affordable Housing

Q10 What is your comment on this section of the Plan? (Your comment should not exceed 2,000 words)

Comment

As set out in the Park authority's Evidence Paper on Rural Development, the National Park is not a housing authority and has no duty to produce an HNDA. This responsibility falls to the constituent housing authorities such as Perth & Kinross Council (PKC). The LDP should draw on this evidence base to ensure the Plan meets the housing land requirement in full for the area, with policy mechanisms and site allocations in place to ensure an effective 5 year land supply is maintained.

For Blair Atholl the evidence base is the recently adopted TayPlan HNDA. This does not support the conclusions of the Evidence Paper for an enhanced affordable housing requirement, as further demonstrated by the existing and proposed PKC LDP's(2) setting a 25% threshold above four market homes.

Experiences of delivering new homes in the Park are that infrastructure costs and the (relatively) slow sale rate present significant commercial challenges to achieving a minimum 5 year effective land supply. Raising the affordable housing threshold could further compound site delivery whilst, at a policy level, run counter to the provisions of the SPP around maintaining an effective 5 year housing land supply, the TayPlan HNDA and conflict with the treatment of affordable housing in PKC which the review LDP2 sets at 25% (policy 20).

The same principles apply to the proposed application of a financial contribution towards affordable housing for developments of under four market houses.

To positively address the population projections, household formation and sizes explored in the Evidence Paper, we submit that policy 1 should focus on mechanism such as development briefs to broaden housing tenures and range (as set out in policy 1.4) rather than increasing the affordable housing quota.

In terms of the development of new housing within existing rural groups, we submit that consistent with the place making ambitions of the Plan, the focus should be on encouraging sensitive and imaginative designs solution to meet the requirements of a changing population within the broad parameters of integration and enhancement set out in policy 1.2 (a), rather than fixing a numerical restriction on the scale of new development.

Q11 Please state clearly what change/s you wish to see made to the Plan to address your comment.(Your comment should not exceed 2,000 words)

Policy 1.2 (b) housing development in existing rural groups
Delete criteria (b)

Policy 1.5 Affordable Housing
Remove the 45% affordable housing cap for development sites in Blair Atholl.
Remove the restriction that developments of under five market houses will also be required to make a contribution towards new housing through a monetary payment.

Policy 11 Developer contributions

Q50 What is your comment on this section of the Plan? (Your comment should not exceed 2,000 words)

Comment

As detailed in our response to policy 1 (New Housing Development), we contend that the LDP should draw on the recently adopted TayPlan HNDA in order to ensure an effective 5 year housing land supply is maintained at all times, consistent with the SPP.

There is no statutory basis to depart from the TayPlan HNDA and, as such, increasing the provision of affordable housing from 25% to 45% as proposed is questioned.

Furthermore, the risks of impacting on the delivery of new homes in Blair Atholl where scale and infrastructure costs in their own right present commercial challenges, reinforce the potential consequences of raising the threshold. To positively address the population projections, household formation and sizes explored in the Evidence Paper, we submit that policy 1 should focus on mechanism such as development briefs to broaden housing tenures and range as opposed to increasing the affordable housing quota.

Q51 Please state clearly what change/s you wish to see made to the Plan to address your comment.(Your comment should not exceed 2,000 words)

Change

Provide within the future Supplementary Guidance that the affordable housing threshold for Blair Atholl will be reset at 25% of new development above five homes.

Blair Atholl

Q74 What is your comment on this section of the Plan? (Your comment should not exceed 2,000 words)

Blair Atholl

Comment

Support for the spatial strategy and modification in connection with;

1. The extension of allocation T1 to reflect the extant planning permission for future extension of the caravan park and
2. The description of allocation T3 and reference to the extant planning permission

Blair Atholl is also an important rural economic centre due to its accessibility, core amenities and wider rural hinterland.

In terms of allocation ED1 Blair Atholl sawmill yard, the site is established and developed. In order to plan for future market requirements for small/medium size buildings to support local business requirements, capacity to grow the site is required. It is therefore proposed that the potential to expand ED1 is provided for within the Plan subject to compliance with wider infrastructure, design, heritage and amenity policies 2,3,4 & 5 objectives contained of the LDP.

Q75 Please state clearly what change/s you wish to see made to the Plan to address your comment. (Your comment should not exceed 2,000 words)

Change

Include within the settlement objectives 'Support Blair Atholl's local economic service role and the provision of the future expansion of allocation ED1 Blair Atholl Sawmill Yard to comply with wider infrastructure, design, heritage and amenity policies 2,3,4 & 5 objectives of the LDP.

Consistent with submission on Policies 1 & 11, remove the 45% affordable housing cap for development sites in Blair Atholl and replace with 25% for developments of 5 or more private homes.
